NEW YORK, NY, UNITED STATES, August 18, 2026 /EINPresswire.com/ -- With Clarity, the New York-based [engagement ring](#) and fine jewelry brand, is introducing new designs to its iconic [Cassatt Collection](#). The additions bring the collection's signature aesthetic to new silhouettes, offering fresh ways to wear Cassatt beyond the engagement ring.

With Clarity's Cassatt Collection

The Cassatt Design: A Hidden Halo Reimagined

Inspired by natural light and artistry, the Cassatt Collection pairs sculptural elegance with a modern arc design. At its center is the draped hidden halo, a distinctive take on the traditional hidden halo. Cassatt's version incorporates an open, U-shaped basket, with diamond detailing that curves beneath the center stone and flows into the four-prong setting. The result is an airy, draped effect that adds dimension to the basket while keeping the center diamond in focus.

The open construction also leaves more of the diamond exposed, allowing light to enter from multiple angles and keeping the stone at the forefront. The hidden detail stays subtle when viewed from above, while the curved, diamond-studded profile becomes more apparent from the side, giving Cassatt its distinctive look.

Introducing the New Cassatt Designs

The same setting is now interpreted across new designs, each chosen to highlight a different aspect of the collection's aesthetic: the Cassatt Eternity Ring, Cassatt Anniversary Ring, Cassatt Round Solitaire Pendant, and Cassatt Round Solitaire Studs. These pieces offer customers new ways to celebrate milestones, complement an existing ring stack, or bring a refined touch of diamond brilliance to everyday styling.

Cassatt Eternity Ring

Designed to make an impression from every angle, the eternity ring features diamonds encircling the entire band for uninterrupted sparkle. Petite diamonds add further points of light along the sculptural settings, creating a dimensional finish from every view. Designed for anniversaries, vow renewals, and other lasting milestones, it offers a distinctive take on the classic eternity ring.

Cassatt Anniversary Ring

Created to commemorate lasting love, the anniversary ring features five tapering round diamonds arranged in a graceful progression across the band. Its refined silhouette gives the diamonds room to take center stage, making it an elegant choice for an anniversary, relationship milestone, or significant new chapter.

Cassatt Round Solitaire Pendant

The round solitaire pendant reimagines the classic solitaire with a diamond-studded U-shaped setting. A round [lab-grown diamond](#) is secured by four claw prongs, while additional diamonds punctuate the curved base to enhance its brilliance. The result is a refined pendant that brings a sculptural dimension to an everyday diamond essential.

Cassatt Round Solitaire Studs

The round solitaire studs give the classic diamond stud a more dimensional silhouette. Each earring features a round lab-grown diamond secured by four claw prongs, with additional diamonds tracing the curved base of the setting for added brilliance. Designed for everyday styling, the pair can be worn solo or incorporated into an ear stack.

With Clarity: Design and Craftsmanship

With Clarity has built its reputation around bringing a fresh perspective to fine jewelry, pairing innovative design with thoughtful craftsmanship. As a lab-grown diamond brand, it continually explores new ways to design and showcase diamonds, creating pieces that feel contemporary while remaining rooted in the details that make fine jewelry enduring.

Cassatt is a natural expression of this philosophy, with a setting designed to make the most of both craftsmanship and the diamond itself. Its signature drape hidden halo incorporates tiny diamonds into the basket, creating intricate detailing that calls for precision in its construction. At the same time, the open design leaves more of the center stone exposed to light, bringing together the artistry of the setting and the brilliance of the diamond in one distinctive design.
