Valasys Media Recognized on the Inc. 5000 Among America's Fastest-Growing Private Companies

The recognition marks another milestone in Valasys Media's growth as it expands AI-powered B2B marketing and demand-generation solutions.

Valasys Media inducted to Inc. 5000 class of 2023

JERSEY CITY, NJ, UNITED STATES, August 18, 2026 /EINPresswire.com/ -- Valasys Media LLC has been recognized on the 2026 Inc. 5000, Inc.'s annual list of the fastest-growing private companies in the United States, marking the company's third recognition on the prestigious list. Valasys Media recorded 150.77% three-year revenue growth, reflecting its continued business expansion between 2022 and 2025.

The recognition places Valasys Media among a select group of privately held American businesses that demonstrated significant revenue growth during the period evaluated by Inc. The 2026 Inc. 5000 measures percentage revenue growth from 2022 through 2025, with companies required to meet Inc.'s revenue, ownership and eligibility criteria.

"Being recognized on the Inc. 5000 for the third time is a reflection of the momentum we have built and the trust our clients place in us," said Mohammad Tareequddin, Chief Executive Officer, Valasys Media. "Our growth has been driven by a willingness to evolve with the market, invest in advanced AI technology and stay close to the changing needs of B2B buyers. As AI transforms marketing and revenue generation, we are focused on building solutions that help businesses identify the right opportunities and create measurable growth."

Growth Driven by Innovation and Market Evolution

Valasys Media's continued growth has been shaped by its expanding portfolio of B2B marketing and demand-generation solutions. The company works with businesses to identify, engage and convert high-value audiences through data-driven marketing programs.

Its technology-led approach has increasingly focused on artificial intelligence, buyer intelligence and intent data. This evolution includes the company's proprietary Valasys AI Score (VAIS) platform, which is designed to help revenue teams identify and prioritize prospects based on signals that indicate potential buying interest.

Mohammad Tareequddin, Chief Executive Officer of Valasys Media

For the 2026 list, eligible companies were evaluated on their percentage revenue growth between 2022 and 2025. Valasys Media's 150.77% growth over the three-year period contributed to its inclusion on this year's list.

> Being recognized on the Inc. 5000 for the third time reflects our momentum, client trust, and commitment to AI innovation that helps B2B businesses identify opportunities and drive measurable growth."

For Valasys Media, the achievement represents sustained growth rather than a single-year performance. The company was previously recognized on the Inc. 5000 in 2023 and 2024.

"This recognition is particularly meaningful because sustainable growth requires strong financial discipline behind the scenes," said Prachi Shah, Director & Chief Financial Officer, Valasys Media. "Over the years, we have continued to strengthen our financial foundations while investing in people, technology and capabilities that support our Vision 2030. Being recognized for the third time demonstrates that our growth strategy is creating a strong and scalable business."

Building for the Next Phase of B2B Growth

Valasys Media enters its next phase of growth as B2B organizations increasingly look for more

intelligent ways to understand buyers, identify demand and build predictable revenue pipelines.

Valasys Media: Empowering marketers with powerful insights.

The company's strategy combines data, AI and human expertise to help businesses navigate increasingly complex buying journeys. Its solutions span demand generation, account-based marketing, content syndication, lead generation and AI-powered marketing intelligence.

The continued Inc. 5000 recognition reinforces Valasys Media's focus on building scalable solutions while maintaining a long-term approach to client value, innovation and organizational growth.

About Valasys Media
Valasys Media is a global B2B marketing and sales solutions company helping brands build predictable growth engines through services like Lead Generation, ABM, and Content Syndication.

Its proprietary VAIS platform powers data-driven prospecting by identifying ideal buyers, prioritizing accounts, and guiding outreach with actionable intelligence. Backed by data insights and a dedicated team of experts, Valasys enables clients to engage, convert, and retain the right prospects while maximizing ROI.

Recognized for its continued innovation and growth, Valasys Media has been featured on the Inc. 5000 list of America's fastest-growing private companies.

Compliance and Data Ethics
Valasys Media processes business-contact data only using permissioned and consent-aligned signals. All outreach honors opt-outs and local regulations, including GDPR and CCPA/CPRA. SOC 2-aligned security and data protection practices, access management and operational safeguards are maintained across our processes. Data is verified for accuracy and recency, and suppression and do-not-contact lists are enforced across campaigns.

About the Inc. 5000
The Inc. 5000 is Inc.'s annual ranking of the fastest-growing privately held companies in the United States. The list recognizes entrepreneurial businesses that demonstrate significant revenue growth and meet Inc.'s eligibility requirements.

For the 2026 list, companies were evaluated based on percentage revenue growth from 2022 to

2025. Companies must be privately held, for-profit, U.S.-based and independent, while meeting Inc.’s revenue thresholds and other eligibility requirements. Inc. also conducts an editorial vetting process as part of the selection.
