

Aftermath Services Celebrates 30 Years

National biohazard remediation leader reflects on three decades of service as it celebrates its 30th anniversary

CHICAGO, IL, UNITED STATES, August 18, 2026 /EINPresswire.com/ -- Aftermath Services, the nation's leading biohazard and trauma scene remediation company, is celebrating its 30th anniversary this month.

“

This work isn't easy, and it isn't for everyone. But every day, [we] show up for people who are living through the hardest moment of their lives, and they do it with compassion and professionalism.”

Steve Ford, CEO

Aftermath Services began in Illinois 30 years ago with one goal in mind: to help others on the worst day of their lives. Our core mission has not wavered since that time. We have successfully managed thousands of biohazard remediation scenes, growing from a single Illinois location into a nationwide company trusted by families, law enforcement, property managers, and funeral service professionals across the country.

In the last three decades, Aftermath has had to manage national and global health concerns head-on, including Ebola and Hantavirus outbreaks, the COVID-19 pandemic, and the rise of fentanyl and other dangerous narcotics. Each time a new threat emerged, the Aftermath team has had to quickly learn how to remediate affected areas and make them safe again.

"Thirty years in this business is a milestone I don't take lightly," said Steve Ford, CEO of Aftermath Services. "This work isn't easy, and it isn't for everyone. But every day, our technicians show up for people who are living through the hardest moment of their lives, and they do it with compassion and professionalism. I'm proud of what our team has built, and I'm proud of the thousands of families we've been able to help along the way."

As part of this milestone, Aftermath Services is inviting media to hear directly from the people behind the work. Contact us today to meet some of the employees who have been with the company for years - technicians who have dedicated their careers to this uniquely demanding field. Learn why people choose this job, what draws them to it, and how they cope with what they see and do every day.

****About Aftermath Services****

Aftermath Services is the nation's leading biohazard remediation company, specializing in crime scene cleanup, trauma scene cleaning, and disinfection services. Founded 30 years ago in Illinois,

Aftermath has grown to serve communities nationwide, working alongside law enforcement, funeral homes, property managers, and insurance carriers to restore properties and support families after traumatic events. For more information, visit www.aftermath.com.
