

Avant Interventional Psychiatry Supports Atlanta Families at Back-to-School Health and Wellness Event

Avant joins Atlanta community partners to support local families while promoting mental and emotional wellness as children return to school.

ATLANTA, GA, UNITED STATES, August 18, 2026 /EINPresswire.com/ -- [Avant Interventional Psychiatry](https://www.einpresswire.com/avant-interventional-psychiatry) recently joined community partners at the Annual Back-to-School Health and Wellness Event held August 8 at Oak Hill in Atlanta, supporting local children and families as they prepared for the new school year.

Members of the Avant team participated in the community event, connected with families and distributed school supplies to children preparing to return to the classroom.

The event brought community organizations and health and wellness resources together in one location, providing families with an opportunity to connect with organizations serving the Atlanta community.

SUPPORTING MENTAL AND EMOTIONAL WELLNESS

For Avant, participating in the event also provided an opportunity to support a broader conversation about the importance of mental and emotional wellness for children and families.

The transition back to school can bring excitement, but it can also mean changes in routines, academic expectations, social environments and responsibilities for children and their parents.

Avant Interventional Psychiatry Supports Atlanta Families at Back-to-School Health and Wellness Event

Avant Interventional Psychiatry, led by Medical Director [Dr. Okah “Justin” Anyokwu](#), provides mental health services for children, adolescents and adults throughout Georgia.

Through its community involvement, the practice aims to increase awareness of mental health resources and help make conversations surrounding emotional wellness a more familiar part of overall health and well-being.

CONTINUING COMMUNITY OUTREACH

Avant’s participation in the Back-to-School Health and Wellness Event is part of its continued community outreach throughout Georgia.

In addition to its community initiatives, Avant provides psychiatric evaluations, medication management, therapy, child and adolescent psychiatric services, adult psychiatry, telepsychiatry and specialized interventional psychiatric treatment for appropriate patients.

The organization plans to continue identifying opportunities to participate in community events and develop relationships with organizations that serve Georgia children, adults and families.

ABOUT DR. OKAH “JUSTIN” ANYOKWU

Dr. Okah “Justin” Anyokwu is the Medical Director of Avant Interventional Psychiatry, a Georgia-based mental health practice focused on expanding access to comprehensive psychiatric care and mental health resources for children, adolescents and adults.
