“

Las Vegas water is brutal on plumbing. Our job is to give homeowners straight answers, upfront pricing, and same-day help when it matters.”

Edward Schmitt, Owner, Active Plumbing

owned plumbing contractor serving the Las Vegas Valley since 1991, continues to provide residential and commercial plumbing services throughout Las Vegas and surrounding communities. The company holds Nevada contractor license #0047021 and provides 24/7 emergency plumbing response.

The company’s services address plumbing conditions common to the region, including hard water, aging plumbing systems, slab leaks, sewer issues, and water heater failures. Las Vegas water contains elevated levels of

calcium and magnesium, which can contribute to scale accumulation in plumbing fixtures, pipes, and water heaters over time.

Water heater repair, replacement, and installation are among the company’s services. Available systems include traditional tank units, tankless water heaters, and heat pump water heaters. The company also provides maintenance and descaling for tankless systems. Its [Las Vegas water heater services](#) include permit coordination and removal of existing units as part of installation work.

Active Plumbing also handles whole-house repiping for properties with aging or damaged plumbing materials, including older polybutylene and copper systems. Other services include drain cleaning, sewer camera inspections, hydro-jetting, gas line work, leak detection, fixture repairs, and water treatment systems.

Emergency plumbing is available around the clock for situations including burst pipes, sewer backups, gas leaks, slab leaks, flooding, and loss of water or hot water. The company states that

same-day service is available for many calls throughout Las Vegas, Henderson, North Las Vegas, and surrounding communities.

The company also serves Henderson with repair, replacement, repiping, water treatment, drain and sewer, and emergency plumbing services. Its [Henderson plumbing services](#) include water heater installation and repair, leak detection, sewer line work, and whole-house repiping.

Active Plumbing offers financing options for plumbing projects, including water heater replacements, repiping projects, and emergency repairs. According to the company, financing plans can receive same-day approval without a third-party credit check, with payment options based on the project.

The company reports more than 35 years of operation in the Las Vegas Valley and maintains an A+ rating from the Better Business Bureau. Active Plumbing serves residential and commercial customers throughout Las Vegas, Henderson, North Las Vegas, Summerlin, Spring Valley, Enterprise, and other surrounding communities.
