

Myers-Holum Celebrates 45 Years of Excellence

Nearly half a century on the cutting edge of business technology and application solutions.

FL, UNITED STATES, August 19, 2026 /EINPresswire.com/ -- Myers-Holum, a leading NetSuite implementation partner, recently celebrated its 45th anniversary.

“

We're proud of what Myers-Holum has accomplished over the past 45 years, but we've always been focused on what's next. We look forward to building on that foundation for years to come.”

Mark Meyers and Knute Holum, Founders of Myers-Holum

In 1981, Mark Myers and Knute Holum met at Price Waterhouse in the Management Advisory Services division. Soon after, they founded Myers-Holum and focused on creating top-tier ERP solutions, assisting leading companies such as Canadian National Railroad, Northern Telecom, Reader's Digest, and Temple Inland.

In 2000, the firm launched its data and analytics practice focused on enterprise data warehousing and market data management solutions. Myers-Holum was proud to spearhead data and analytics solutions for household

name organizations such as Expedia, Disney, Dell, State Street Bank, and Google.

In 2014, Myers-Holum launched its NetSuite, Stripe, and Google practices. Since then, we've driven more than 2,500 NetSuite engagements, establishing Myers-Holum as a leading choice for organizations seeking a powerful ERP solution.

Earlier this year, Myers-Holum launched its Auctor AI initiative. By leveraging NS90's extensive knowledge of over fifty legacy ERP platforms and twenty SaaS integrations, as well as an internal knowledge base of over 1,700 end-to-end NetSuite projects, Myers-Holum is pioneering the use of AI to conduct gap analyses and automate the construction of SOWs, BRDs, TDDs, IDDd, and RTMs. For companies that wish to implement their licensed SuiteSuccess edition, we can significantly shorten the time to go-live.

"We're proud of what Myers-Holum has accomplished over the past 45 years, but we've always been focused on what's next. From ERP to data and analytics, to NetSuite and now AI, our ability

to adapt to where our clients are going has been a big part of our success. We look forward to building on that foundation for years to come.” — Mark Meyers and Knute Holum, Founders of Myers-Holum

Myers-Holum is incredibly proud of our first 45 years, and we look forward to our 50th!
