

gokarvan Launches Türkiye's Point-to-Point Airport Transfer Platform

Fixed prices from 40+ licensed operators, no account needed, free cancellation to 24h, agency portal with commission and widget, in 5 languages.

ISTANBUL, TURKEY, August 19, 2026 /EINPresswire.com/ -- gokarvan.com is now live, bringing airport and city transfers across Türkiye into one booking platform. The service pools the capacity of more than 40 licensed transfer operators through an API into a single search: the traveller picks two

points, sees a [fixed price](#), pays by card and receives the voucher by email at once. gokarvan positions itself as the first transfer platform in Türkiye to offer the same API-backed infrastructure to both individual travellers (B2C) and travel agencies (B2B).

“

We built gokarvan so that a traveller and a travel agency use the same rails: one search, 40 licensed operators, a fixed price and a named person on WhatsApp.”

gokarvan

For travellers: no account, no surprises

- Search from any point to any point in Türkiye, including Istanbul, Sabiha Gökçen, Antalya, Dalaman, Bodrum, Izmir and Cappadocia airports.
- Fixed price with tolls and parking included; sedan, minivan, VIP and minibus classes.
- No registration. Bookings are managed with the reference and email, and cancelled free of charge up to 24 hours before pickup.
- The driver tracks the flight and waits at the airport's

designated meeting point with a name board. Every booking has a named operations contact reachable on WhatsApp, printed on the voucher.

- Interface in Turkish, English, Farsi, German and Russian; all times shown in Türkiye time.
- Extras: child seats, a Türkiye eSIM package, and a complimentary Rivayet audio guide pass with every Istanbul transfer (29 historic sites including Hagia Sophia, Topkapı and Galata, valid for 7 days).

For agencies: commission, prepaid balance and a widget for your own site

The gokarvan [agency portal](#) is built for travel agencies, hotels and medical-tourism providers. Agencies book from a prepaid balance or by card, earn commission on every sale and request payouts to their bank account at month end. A one-line booking widget embeds the search on the agency's own website and attributes every resulting sale to the agency. Bookings, vouchers, invoices, cancellations and the earnings ledger live in one portal.

A wide, managed fleet

The platform is not tied to a single fleet. Live prices are collected per route from more than 40 licensed suppliers; vehicle classes, photography, pricing rules, airport meeting-point instructions and popular destinations are managed from the operations panel. Payments run on Stripe with 3D Secure; a corporate voucher and invoice are generated automatically for every booking.

About the company

gokarvan.com is a booking platform operated by RATE EXTRA TOURISM L.L.C (Commercial Licence 1253634), Dubai. The company does not operate vehicles; it aggregates prices from licensed operators and handles sales, payment, operations tracking and customer support.
