Epoch Automotive Acquires Updated Software for Subaru

Epoch Automotive in Doylestown upgrades its diagnostic capabilities with updated Subaru-compatible software, improving service accuracy.

DOYLESTOWN, PA, UNITED STATES, August 19, 2026 /EINPresswire.com/ -- Epoch Automotive Acquires Updated Software for Subaru

DOYLESTOWN, PA – Epoch Automotive, an independent repair facility serving Bucks County, has acquired updated diagnostic software designed for Subaru vehicles. The upgrade expands access to manufacturer-specific systems, control modules, and guided diagnostic procedures, supporting accurate and transparent auto repair in Doylestown.

The updated software allows technicians to interface with Subaru powertrain components, all-wheel-drive systems, safety features, and vehicle communication networks. These capabilities improve the identification of drivability concerns, electronic faults, and intermittent system issues that may be difficult to diagnose without manufacturer-aligned tools.

> “Maintaining current Subaru software helps us diagnose vehicle systems accurately and provide clear, documented recommendations.”
>
> *Jonathon Tangye, owner of Epoch Automotive*

As vehicle platforms continue to rely heavily on software-controlled systems, independent repair facilities must maintain current diagnostic resources to ensure service accuracy. By integrating updated Subaru-compatible software, Epoch Automotive offers a local option for Subaru owners seeking precise diagnostics without relying exclusively on dealership service departments.

The facility, located at 243 Harvey Ave Suite 102, Doylestown, PA 18901, United States, services American,

Asian, and select European vehicles. The Subaru software update further strengthens the shop's diagnostic capabilities and supports its continued investment in modern automotive technology.

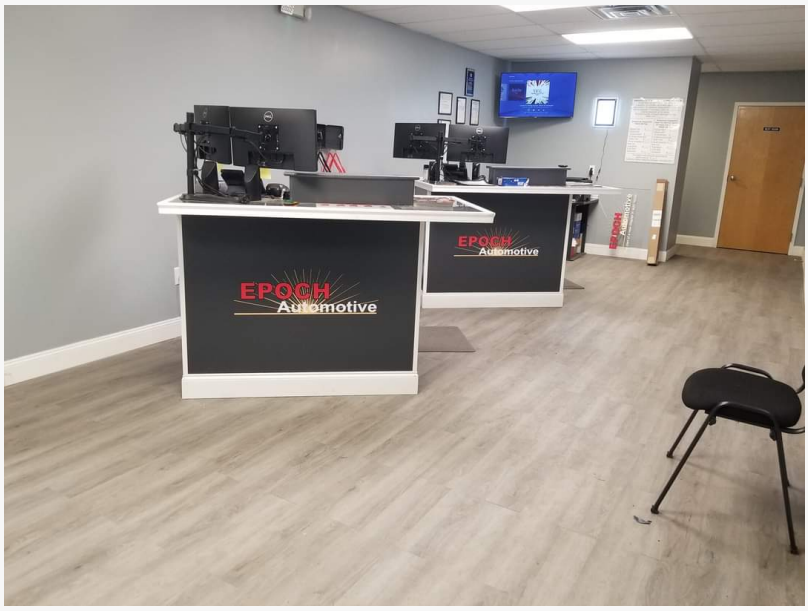

A Word from the Owner
"Maintaining current Subaru software helps us diagnose vehicle systems accurately and provide clear, documented recommendations," said Jonathon Tangye, owner of Epoch Automotive.

About Epoch Automotive
Epoch Automotive is a full-service independent repair shop in Doylestown, Pennsylvania, offering diagnostics, maintenance, and repair for American, Asian, and select European vehicles. Founded in 2020, the shop emphasizes transparency, digital vehicle inspections, and the use of advanced diagnostic systems. With ASE-certified technicians and ongoing investment in updated software platforms, Epoch Automotive provides reliable service solutions for today's increasingly complex vehicles.
