

Onsego Launches GED Scholarship Featuring Its Fast Mode Preparation Program

3 students each month will receive 12 months of Onsego Advantage Pro, including a faster study path, personalized support, and GED Ready practice test vouchers

MIAMI, FL, UNITED STATES, August 20, 2026 /EINPresswire.com/ -- [Onsego](#), an online GED preparation platform, has launched the Onsego Finish Strong GED Scholarship for students who are ready to earn their GED but need help accessing an effective preparation program.

Each month, Onsego will select three scholarship recipients. Every recipient will receive 12 months of access to Onsego Advantage Pro, the company's most comprehensive GED preparation plan, valued at \$199.

“

“Many students believe GED preparation has to take months or even years. Fast Mode gives motivated students a clear, focused path.”

Steve Gory

Advantage Pro includes Onsego's Fast Mode, a focused study path designed to help students prepare for the GED in approximately 30 days when studying about one hour per day. Instead of requiring students to complete every lesson, Fast Mode helps them identify what they already know and concentrate on the skills they still need to improve.

“Many students believe GED preparation has to take months or even years,” said Steve Gory, Onsego CEO. “Fast

Mode gives motivated students a clear, focused path. This scholarship provides the tools and support they need to stop postponing their GED and start making real progress.”

More Than Access to GED Lessons

Scholarship recipients will receive preparation for all four GED subject tests: Mathematical Reasoning, Reasoning Through Language Arts, Social Studies, and Science.

Their Advantage Pro access includes:

- Onsego Fast Mode, a streamlined path for faster GED preparation
- Personalized Score Booster support based on the student's results
- Four GED Ready practice test vouchers
- A complete TI-30XS calculator course for GED Math
- An essay checker for GED Language Arts
- Practice tests that show whether the student is ready
- Short video lessons and step-by-step explanations
- Study schedules and progress-tracking tools
- Access to all four GED subject courses for 12 months

These features are designed to remove much of the uncertainty from GED preparation. Students can see what to study, determine when they are ready for each subject test, and focus their time where it can make the greatest difference.

Supporting Students Who Are Ready to Finish

The scholarship is open to eligible U.S. students who do not have a high school diploma and are permitted to pursue a GED credential in their state or jurisdiction.

Applicants must submit a short essay explaining why earning a GED is important to them, what has held them back, and why they are ready to move forward now.

Onsego selects three recipients each month. Applications are not reviewed on a first-come, first-served basis, and the deadline for each monthly selection period is the last day of the month.

The scholarship covers online GED preparation through Onsego. It does not cover official GED test fees or guarantee that a recipient will pass the GED test.

Students can learn more about the scholarship, eligibility requirements, and selection process at:
