

Europe Trailers Marks 40 Years of Australian Trailer Manufacturing With Australia-Wide Direct Delivery

Melbourne family manufacturer now ships its full range of tradesman, tipper and plant trailers direct to customers in every state and territory.

THOMASTOWN , VIC, AUSTRALIA,
August 21, 2026 /EINPresswire.com/ -- Europe Trailers Pty Ltd, a family-owned trailer manufacturer operating from Thomastown in Melbourne's north since 1982, has expanded to Australia-wide direct delivery across its full range of Australian-made trailers. The expansion brings the company's tradesman, tipper, plant, camper and custom trailers to buyers in every state and territory, backed by a 2-year manufacturer warranty.

New Off Road Trailers

Every trailer is manufactured at the company's Thomastown warehouse at 240 Mahoneys Road. The range spans enclosed and open tradesman trailers , hydraulic tipper trailers with hoist kits rated to 7 tonnes, plant and excavator trailers, off-road camper trailers, and fully custom builds specified by the customer's trade.

"Purchasing a trailer is an important investment, whether it's for a business or for off-road touring, and it needs to be something you can rely on," said Justin, Managing Director of Europe Trailers. "We've been building trailers in Melbourne for 44 years. The same build quality we've supplied to Victorian tradies since 1982 is now being delivered direct to worksites and driveways right across Australia."

The company attributes its longevity to build standards uncommon in an import-dominated market: 45mm and 50mm axles, electric brake systems, roller rocker suspension, 5mm chassis on plant trailers, and implement enamel paint systems engineered to outlast conventional

hammer-tone finishes. Commercial operators, including national franchise fleets, run the company's 8x5 tipper trailers as lighter alternatives to trucks.

Custom sign-writing, trade-specific fit-outs and finance options are available on new builds. Trailers comply with Victorian registration requirements and are delivered ready to work.
