Brittany Schuchmann: Best Lawyers: Ones to Watch® in America for Personal Injury Litigation

“

Brittany has built a real practice in catastrophic personal injury, wrongful death, & dental malpractice. She is the lawyer I want on a complex case. Clients feel her relentless preparation.”

Josh Bowlin, Partner

This prestigious recognition honors extraordinary legal talent and professional achievement in attorneys who have been in private practice for less than ten years. Inclusion in "Best Lawyers: Ones to Watch" is determined entirely through a rigorous, transparent peer-review evaluation process, in which top legal professionals assess the consensus opinion of leading lawyers regarding the legal abilities and integrity of their colleagues within the same practice area and geographic region.

"We are thrilled to see Brittany recognized by her peers.

She has built a real practice within CB Trial in catastrophic personal injury, wrongful death, and dental malpractice, and she is the attorney I want on a case where the medicine is complicated, and the other side is well funded. Her preparation is relentless and her clients feel it," said Josh Bowlin, Partner at Callender Bowlin.

For more than four decades, "Best Lawyers" has served as the definitive benchmark for legal distinction worldwide. The "Ones to Watch" award highlights the next generation of legal leaders who demonstrate outstanding legal acumen and exemplary client representation early in their

careers. Because attorneys cannot pay a fee to be listed or nominated, inclusion stands as a true testament to professional merit and peer recognition.

Brittany Schuchmann's practice at CB Trial focuses on complex litigation matters, including personal injury, dental malpractice, and multifaceted commercial disputes, where she has established a track record for meticulous trial preparation, strategic counsel, and unwavering commitment to serving the firm's clients.
