

IMT Precision Promotes Jose Salazar to General Manager, Strengthening Leadership at Hayward, California Facility

The recent promotion reflects IMT Precision's continued growth and the company's commitment to developing operational leadership from within.

HAYWARD, CA, UNITED STATES, August 20, 2026 /EINPresswire.com/ -- IMT Precision, a precision

“

Our focus remains the same: delivering the quality, precision, and reliability our customers depend on, while continuing to invest in the people and processes that make this facility exceptional.”

Jose Salazar

contract manufacturing company with a focus on large envelope machining, recently promoted Jose Salazar to General Manager of its Hayward, California facility. Salazar stepped into the role in February 2026, a move that recognized his contributions to the facility and positioned him to lead its next phase of growth.

Salazar brings hands-on operational expertise and a deep familiarity with IMT Precision's customer base, production capabilities, and culture. As General Manager, he oversees all day-to-day operations at the Hayward facility, including production management, quality systems, workforce

development, and customer relations. In the months since his promotion, he has focused on strengthening the facility's production performance and deepening its customer relationships.

IMT Precision specializes in complex, high-tolerance machined components for customers in the aerospace and defense, space and satellite, semiconductor, and industrial sectors. The Hayward facility serves as a critical production hub for West Coast customers requiring tight-tolerance, mission-critical parts manufactured to AS9100D and ISO 9001:2015 standards at an ITAR Registered facility.

"I'm honored to take on this role and deeply committed to the team and customers we serve here at IMT Precision," said Salazar. "Our focus remains the same: delivering the quality, precision, and reliability our customers depend on, while continuing to invest in the people and processes that make this facility exceptional."

The promotion is part of IMT's broader strategy to become a best-in-class contract manufacturer

on the West Coast and scale considerably over the next several years.

About IMT Precision

IMT Precision is a contract manufacturer specializing in precision machined components for the aerospace, defense, semiconductor, and industrial markets. Located in Hayward, California, IMT Precision operates to AS9100D and ISO 9001:2015 quality standards, is ITAR Registered, and serves customers across the Western United States and beyond.
