Located just outside Buffalo and spanning 12 miles of scenic Lake Erie shoreline, Evans offers a variety of ways to enjoy the remaining weeks of summer. Bennett Beach, Sturgeon Point Marina, local parks, trails, and other waterfront areas provide opportunities for boating, fishing, kayaking, biking, hiking, and enjoying time along the lake.

“The season doesn't end in August, and there is still a lot happening throughout Evans and Angola,” said Economic Development Advisory Committee (EDAC) Chair Val Stonitsch. “Our waterfront, local businesses, parks, and community events give people plenty of opportunities to get out and enjoy the area even through the Fall season.”

The Town recently launched [Explore Evans-Angola](#), a visitor resource designed to make it easier to find local attractions, outdoor recreation, dining, waterfront access, and other things to do throughout the community. The site provides both visitors and residents with a centralized place to discover local destinations and plan an outing.

The community has also remained active throughout the summer, with events ranging from live music at Sturgeon Point Marina, Lake Erie Beach to family and community activities. Upcoming events include the town-wide Angola-on-the-Lake Fall Music Festival on October 2nd and 3rd. The Town's online community events calendar also provides an up-to-date listing of events and activities taking place throughout Evans and Angola.

And for those looking to make the most of their visit, Explore Evans-Angola makes it easy to discover what to do, where to eat, where to explore, and how to enjoy the area. The visitor landing page brings together local attractions, outdoor adventures, waterfront experiences, food and drink, and places to stay in one convenient resource.

"There's still time to enjoy all that Evans and Angola have to offer," said Ray Ashton, Town Supervisor for the Town of Evans. "Whether it's spending time on the lake, attending a local event, visiting a local business, or simply enjoying one of our parks and public spaces, there are many ways to take advantage of the waterfront before the winter sets in."
