

United Petroleum Transports and Florida Rock and Tank Lines Announce Company Driver Pay Increase of up to 20%

As demand for qualified professional drivers increases, UPT and FRTL announced plans for a historic pay increase for all company drivers at both companies.

OKLAHOMA CITY, OK, UNITED STATES, August 20, 2026 /EINPresswire.com/ --

As demand for qualified professional drivers increases, both [United Petroleum Transports](#) ("UPT") and [Florida Rock & Tank Lines](#) ("FRTL") today announced plans for a historic pay increase for all company drivers at both companies. This significant investment will increase company driver base pay in all markets, with increases of up to 20% depending on region.

This company driver pay increase reflects UPT and FRTL's commitment to recognizing the talent, professionalism, and dedication of the professional drivers who are at the heart of their success.

“

We're excited to roll out this new pay increase for our company drivers. We're committed to rewarding them for the safe, professional work they do and the value they bring to our organization.”

CEO*

“We're excited to roll out this new pay increase for our company drivers for the safe and professional work they do,” said Matt Herndon, President and CEO. “Our professional drivers represent this company every day and always do their job with safety at the top of their mind. We are committed to rewarding them for the safe, professional work they do and the value they bring to our organization and this industry.”

The new pay structure will further distinguish UPT and

Florida Rock & Tank Lines in the markets where they operate. In certain markets, the companies expect to establish themselves as pay leaders, strengthening their ability to attract and retain the industry's most talented professional drivers.

"This company driver pay increase is also an important component of our long-term growth strategy," said Herndon. "A stronger professional driver workforce will provide us with the capacity needed to pursue further diversification and expand and strengthen the company's legacy fuel and chemical business lines."
