

Absolute Floors Explains Why Fall Is the Ideal Time to Install New Flooring Before Holiday Hosting Season

NASHUA, NH, UNITED STATES, September 1, 2026 /EINPresswire.com/ -- [Absolute Floors](#), a Nashua-based flooring contractor serving Southern New Hampshire and Northern Massachusetts, is encouraging homeowners to schedule flooring installations this fall rather than waiting until spring, citing better material performance and a shrinking window before the holiday hosting season begins.

FLOORS

According to Absolute Floors, fall's moderate temperatures and lower humidity allow hardwood, luxury vinyl plank (LVP), and laminate materials to acclimate to a home's environment more predictably than during the summer's heat and humidity swings. That acclimation period directly affects how well flooring settles and performs over time, particularly for solid hardwood.

Homeowners planning to host Thanksgiving, holiday parties, or family gatherings later this year also face a practical deadline: installation projects typically take one to several days depending on scope, and scheduling now helps ensure floors are finished — not mid-project — when guests arrive.

"Every fall we see the same pattern — people want new floors in before the holidays, but they wait until it's almost too late to get on the schedule," said Norman Pomerleau, owner of Absolute Floors. "Booking in September or October gives homeowners room to breathe instead of rushing a project in late November."

Absolute Floors has served homeowners and commercial clients throughout Nashua, Manchester, Salem, Concord, Bedford, Merrimack, Chelmsford, North Andover, and surrounding communities for more than 25 years, offering hardwood, luxury vinyl, carpet, tile, and hardwood refinishing services. The company backs its installations with a five-year warranty on labor and materials and offers financing options for qualifying homeowners.

Free, no-pressure estimates are available for residential and commercial projects throughout the

company's Southern New Hampshire and Northern Massachusetts service area.
