

Las Vegas Dentists Launch Newly Redesigned Website to Elevate the Patient Experience

Redesign Dental announces their new practice website that offers a modern, patient-centered experience for those in the greater Las Vegas area.

LAS VEGAS, NV, UNITED STATES, August 25, 2026 /EINPresswire.com/ -- Dr. Eddy Pais and Dr. Janira Flores, the [Las Vegas dentists](#) leading care at Redesign Dental, have announced the launch of their newly redesigned website. Built around the practice's tagline, "Redesigning the Dental Experience," the new site offers a modern, patient-centered experience aimed at making it easier for visitors to learn about the practice and connect with care.

A Patient-Centered Homepage

The updated homepage features a clean, uncluttered layout that puts the practice's doctors and patient experience front and center, guiding visitors from introduction to services to patient testimonials. Dr. Pais and Dr. Flores each have dedicated bio pages, allowing prospective patients to learn about their training and collaborative, patient-first approach to treatment planning.

Expanded Access to Cosmetic Care

Among the site's most notable additions is a Virtual Cosmetic Consultation tool, linked prominently throughout the site, which allows prospective patients to begin exploring [cosmetic dentistry](#) options from home. The site's navigation organizes the practice's full range of services into four categories, Preventive, Cosmetic, Restorative, and Advanced — each with an overview page and expandable subpages covering treatments from routine cleanings to porcelain veneers, Invisalign®, dental implants, and root canal therapy.

Streamlined Resources and Scheduling

The new site brings together patient resources, reviews, and scheduling in a way that's easy to

navigate, giving visitors what they need to prepare for a visit and book care without any added friction. A dedicated New Patient Special page rounds out the site's focus on turning interested visitors into booked appointments.

Redesign Dental worked closely with Rosemont Media, a website design and digital marketing firm specializing in the healthcare industry, to bring the new site to life. The collaboration paired the practice's patient-first philosophy with Rosemont Media's experience in [dental website design](#) and SEO for dentists, resulting in a site built to help Redesign Dental connect with more patients across the Las Vegas area.

About Redesign Dental

Redesign Dental is a two-doctor dental practice serving Las Vegas and Henderson, NV, led by Dr. Eddy Pais and Dr. Janira Flores. The practice offers a full scope of preventive, restorative, and cosmetic care, all delivered with clear communication and treatment plans built around each patient's goals. True to its name, Redesign Dental is committed to making the dental experience feel more approachable, comfortable, and centered on the patient. The dentists are available for interview upon request.
