

CareBuilders at Home Named to the 2026 Inc. 5000 for a Second Consecutive Year, Climbing 360 Spots to No. 3,109

National non-medical home care franchise posts 97 percent three-year revenue growth as demand for in-home care accelerates.

LAKE SUCCESS, NY, UNITED STATES, August 24, 2026 /EINPresswire.com/ -- [CareBuilders at Home](https://www.carebuildersathome.com), a national provider of non-medical [in-home care](https://www.carebuildersathome.com) services, has been named to Inc. magazine's 2026 Inc. 5000 list of the fastest-growing private companies in America for the second consecutive year. The company ranked No. 3,109 on the strength of 97 percent revenue growth from 2022 to 2025 — an improvement of 360 places over its No. 3,469 ranking on the 2025 list.

The annual Inc. 5000 ranks independent, privately held U.S. companies by percentage revenue growth over a three-year period; the 2026 list measures growth from 2022 to 2025. CareBuilders at Home's back-to-back placement reflects sustained growth across consecutive measurement periods rather than a single strong year and underscores the durability of its franchise model and its commitment to helping seniors and individuals with disabilities remain safe, comfortable, and independent at home.

"Making the Inc. 5000 once is an honor. Making it two years running tells you the growth is holding," said David Savitsky, Co-Founder and CEO of CareBuilders at Home. "That is a credit to our franchise owners, our caregivers, and the support teams behind them. Our growth is rooted in a shared mission: to deliver compassionate, dependable care that helps people live with dignity in the place they call home."

CareBuilders at Home has continued to expand its national footprint by supporting franchise owners, strengthening local care teams, and responding to rising demand for personalized, non-

medical home care. The company now supports 62 locally owned offices across states, up from 17 offices in 2022, and generated \$44,795 million in system-wide revenue in 2025. The company provides a range of services designed to support clients and families, including personal care, companionship, transportation, respite care, and assistance with everyday activities.

“The need behind these numbers is not a trend — roughly 10,000 Americans turn 65 every day, and the

overwhelming majority say they want to stay in their own homes,” said Stephen Savitsky, Co-Founder and Chairman of CareBuilders at Home. “Our job is to make that possible, one family at a time, with care that is professional, respectful, and personal.”

The Inc. 5000 traces its roots to the Inc. 500, launched in 1982, and has long served as a benchmark for entrepreneurial success. Complete 2026 results, including an interactive database sortable by industry and location, are available at www.inc.com/inc5000. Honorees will be recognized at the 2026 Inc. 5000 Conference & Gala, taking place October 14–16 in Dallas.
