

Lars Oestergaard to Join Envu as Chief Financial Officer, Effective October 1

Executive brings more than 20 years of finance, accounting and leadership experience in multinational organizations and environmental science-adjacent markets

CARY, NC, UNITED STATES, August 24, 2026 /EINPresswire.com/ -- Envu, a global environmental science company, announced today that Lars Oestergaard will join the company on Oct. 1 as Chief Financial Officer (CFO). In this role, he will oversee global finance, legal, and compliance functions at Envu, providing strategic leadership for the company's financial operations, planning, and risk management to support value creation and sustainable growth.

Oestergaard has more than two decades of finance, accounting and business leadership experience in multinational organizations. He will join Envu from Syngenta, a leading agricultural company where he has held senior finance roles for Europe, Africa, the Middle East, and the Americas, most recently leading finance for Crop Protection North America. His experience spans building high-performing teams, strengthening stakeholder trust and credibility, and working closely with capital markets through investor relations.

"Since our inception nearly four years ago, Envu has built a strong financial framework, enabling us to better serve our customers and create value for all our stakeholders," said Chief Executive Officer Gilles Galliou. "We look forward to welcoming Lars Oestergaard as CFO. His combination of finance leadership, value creation, and capital markets expertise will help us continue delivering on our commitments while advancing our ambitious growth plans."

Oestergaard said he has followed the progress Envu has made since its launch in 2022 and is impressed by the company's growth and achievements.

"Envu has already shown what is possible as a standalone environmental science company, and I'm excited to join at such an ambitious stage of its journey," said Oestergaard. "The company's focus on broad-based innovation, customer-driven solutions and sustainable value creation is deeply compelling, and I'm eager to help build on that momentum."

Oestergaard will succeed Troy Randolph, who will be leaving Envu at the end of September and will pursue another opportunity. Planning to initially be based in the Envu office in Lyon, France, Oestergaard will travel regularly to the company's headquarters in Cary, N.C. as well as other Envu offices around the world.

About Envu
