

Goldleaf Expands Convenient Cannabis Access With New Recreational Delivery Service

ANNAPOLIS, MD, UNITED STATES, August 24, 2026 /EINPresswire.com/ -- [Goldleaf](#), a [premium cannabis dispensary](#) based in Annapolis, Maryland, is expanding its customer experience with the launch of a new recreational cannabis delivery service, giving eligible adults a convenient way to order cannabis products directly from Goldleaf for delivery.

The new service represents another step in Goldleaf's continued growth as a modern cannabis destination in Maryland, building on the company's established retail experience, carefully selected product offerings, and commitment to providing customers with a convenient and professional way to shop.

With [recreational delivery](#) now available, eligible customers will be able to browse Goldleaf's selection of cannabis products online, place an order, and have their purchase delivered directly to an eligible address within the service area. The new delivery option is designed to provide the same attention to product quality and customer experience that Goldleaf brings to its in-store operations.

"Expanding our delivery services allows us to bring the Goldleaf experience directly to more customers throughout Maryland," said Brianna Anderson, a spokesperson for Goldleaf. "We have always focused on making the cannabis shopping experience convenient, welcoming, and professional, and this new service gives our customers another way to experience Goldleaf."

The recreational delivery launch complements Goldleaf's existing retail operations in Annapolis, where customers can shop a broad selection of cannabis flower, pre-rolls, extracts, edibles, tinctures, vaporizers, topicals, and other cannabis products. The dispensary's modern retail environment and knowledgeable team are designed to make the shopping experience straightforward and approachable for both new and returning customers.

Goldleaf's online ordering experience also allows customers to explore available products before placing an order. By bringing product browsing and delivery together in one convenient experience, Goldleaf aims to make cannabis shopping easier for customers who prefer the convenience of ordering from home.

The launch also reflects Goldleaf's broader evolution as Maryland's cannabis market continues to develop. Since opening in Annapolis, the brand has built its reputation around a combination

of carefully selected products, attentive service, and an elevated retail environment.

For customers using the new recreational delivery service, eligibility, ordering requirements, delivery areas, and other applicable requirements will be outlined through Goldleaf's online ordering platform. Customers are encouraged to review the delivery information and requirements before placing an order.

Orders can be placed through the Goldleaf website at
