

Vancouver to Whistler Private Transfer Bookings Open as Connect Airport Transfers Adds AWD Van for Winter 2026-2027

Selected winter dates are already beginning to fill as the Whistler-based company expands its fleet, which is made up entirely of AWD and 4x4 vans.

CANADA, August 23, 2026

/EINPresswire.com/ -- [Connect Airport Transfers](#) has opened early bookings for its Vancouver to Whistler private transfer service for the 2026-2027 winter season and added another AWD van to its fleet. The additional vehicle will support one-way and round-trip service between Vancouver International Airport (YVR), downtown Vancouver, and Whistler as selected winter dates begin to fill.

Connect Airport Transfers opens Winter 2026-2027 bookings for private AWD and 4x4 Mercedes-Benz Sprinter transfers between Vancouver, YVR and Whistler.

The company typically sees bookings increase from October onward. Since every transfer is private and each vehicle is reserved for one party, early booking gives families and ski groups more choice for peak travel dates.

“

We've added another AWD van for winter. Every vehicle in our fleet is AWD or 4x4, with upgraded wheels and winter tires because safety comes first when road conditions deteriorate.”

*Michael Bruce, Founder,
Connect Airport Transfers*

New AWD Van Adds Capacity for Winter

Connect Airport Transfers operates a fleet made up entirely of AWD and 4x4 vans. According to the company, it is the only Vancouver-to-Whistler transfer business with AWD or 4x4 capability across 100% of its fleet.

The company invests in upgraded wheels and high-quality winter tires for travel during the snowy months.

The Mercedes-Benz Sprinter vans seat up to eight adults and provide storage for skis, snowboards, and group luggage. High-roof interiors offer more than six feet of headroom, with available reclining leather seating and USB-C charging ports.

Private YVR to Whistler Service for Groups

Connect Airport Transfers provides door-to-door transportation from YVR and downtown Vancouver to Whistler, with return service from Whistler to the airport or downtown. Vehicles are never shared with unrelated passengers, and pricing applies to the entire group rather than each traveler.

Airport pickups follow the passenger's flight instead of a fixed shuttle schedule. Drivers monitor arrivals throughout the day and adjust the meeting time when a flight arrives early or late.

The driver then travels directly to the passenger's Whistler hotel or rental property. If the accommodation requires an off-site key pickup, the driver will stop at the rental office so passengers can collect their keys before continuing to the property, at no additional charge.

Child and booster seats are provided at no extra cost. While traveling through Vancouver, the company's vans can use designated bus lanes, which Connect Airport Transfers says may reduce travel time by up to 30 minutes on heavy-traffic days.

Connect Airport Transfers operates high-clearance AWD and 4x4 Mercedes-Benz Sprinter vans for reliable travel in changing Sea-to-Sky road conditions.

Connect Airport Transfers' Mercedes-Benz Sprinter vans provide private seating for up to eight passengers, with ample space for group luggage, skis and snowboards.

Published Group Pricing for Winter 2026-2027

At the time of publication, listed private-transfer rates are:

- YVR to Whistler: from \$665 CAD
- Whistler to YVR: from \$640 CAD
- YVR-Whistler round trip: from \$1,305 CAD
- Downtown Vancouver to Whistler: from \$590 CAD

Prices apply to the entire group and are subject to 5% GST and a 15% driver gratuity. The company does not add credit-card processing fees.

Travelers can add a 30-minute grocery or sightseeing stop for \$70 CAD. The sightseeing option, which allows time for a short Sea-to-Sky detour when conditions permit, has drawn steady interest from passengers during summer 2026.

Year-Round Private Transportation

Connect Airport Transfers operates 365 days a year along the Sea-to-Sky Corridor, serving families, ski groups, summer visitors, and travelers carrying sports equipment or oversized luggage. Passengers booking within 48 hours of arrival should contact the company before submitting the online reservation form to confirm availability.

About Connect Airport Transfers

Connect Airport Transfers is a Whistler-based private transportation company serving Vancouver, YVR, Whistler, and the Sea-to-Sky Corridor. Its fleet is made up entirely of AWD and 4x4 vans for groups of up to eight passengers. Services include airport meet-and-greet, flight monitoring, door-to-door transportation, child seats, equipment storage, and optional trip stops.
