

Truck1 Becomes Official Media Partner of the International Wood Fair Klagenfurt 2026

Truck1 partners with the International Wood Fair Klagenfurt 2026, extending the event's reach to professional buyers and sellers worldwide.

KLAGENFURT, AUSTRIA, August 24, 2026 /EINPresswire.com/ -- [Truck1](#), an international B2B marketplace for commercial vehicles and machinery, has become an official media partner of the International Wood Fair Klagenfurt 2026, one of the leading trade fairs for the forestry and wood industries in Central Europe and the Alpine-Adriatic region.

The International Wood Fair will take place from September 2 to 5, 2026, at the Klagenfurt Exhibition Centre. The event covers the entire forestry and timber value chain, including forestry equipment, sawmill technology, timber construction, bioenergy, transport and logistics.

Around 500 exhibitors from 20 countries are expected across approximately 50,000 m² of exhibition space, bringing together forestry companies, sawmill operators, equipment manufacturers, logistics specialists and other industry professionals.

The fair provides an important meeting point for companies looking to discover new machinery and technologies, establish business contacts and evaluate future investment opportunities.

As an official media partner, Truck1 complements the on-site event with international digital reach. While the exhibition connects professionals and decision-makers in Klagenfurt, Truck1 helps dealers and professional sellers present forestry trucks, harvesters, wood-processing machinery and other specialised equipment to buyers across international markets.

The partnership combines face-to-face industry networking with year-round digital visibility, helping businesses reach potential partners and buyers beyond the four days of the exhibition.

About Truck1

Truck1 is an international B2B marketplace for commercial vehicles and machinery, connecting professional sellers and buyers across global markets. Founded in 2003, the platform operates in 36 language versions and works with more than 2,500 sellers worldwide. Its multilingual marketplace supports the international promotion and sourcing of vehicles and specialised machinery.
