

Sureclean Launches Washing Machine Cleaning Service in Singapore

NEA-licensed cleaning company offers steam-based deep cleaning to tackle bacteria and mould that a normal wash cycle cannot remove

SINGAPORE, SINGAPORE, August 24, 2026 /EINPresswire.com/ -- Sureclean, an NEA-licensed cleaning company that has served over 50,000 homes across Singapore since 2013, has launched a dedicated [washing machine cleaning service](#).

A washing machine's drum, rubber seal, and detergent compartment trap detergent residue, lint, and moisture with every load, conditions that allow mould, mildew, and bacteria to build up over time. This buildup is a common cause of musty odours in laundry and can transfer marks or smells onto clean clothes, even when the machine itself appears clean on the outside.

The new [washing machine cleaning service Singapore](#) homeowners can now book is offered in two tiers. Standard Cleaning dismantles the drum and carries out a high-pressure jet wash of the drum, filter, and detergent compartment before reassembly and a test run. Deep Cleaning includes everything in Standard Cleaning, plus a steam clean and disinfection pass of the drum and internal parts, sanitising what the jet wash alone cannot reach and treating odour and mould at the source. Deep Cleaning is priced \$50 above Standard Cleaning to reflect the additional steam-treatment stage.

Full [washing machine cleaning service price](#) details are published transparently on Sureclean's website, with no hidden charges. Top Load machines are \$188 for Standard Cleaning and \$238 for Deep Cleaning. Front Load machines and Washer-Dryer Combo units are \$288 for Standard Cleaning and \$338 for Deep Cleaning.

Sureclean recommends Deep Cleaning for machines with existing odour or mould, visible marks transferring onto laundry, machines that have never been professionally serviced, or households with young children. Standard Cleaning is positioned as sufficient for routine upkeep on a regular schedule.

"Most people don't think about cleaning the machine that cleans their clothes. We kept seeing the same thing on other cleaning jobs, machines that looked fine outside but were harbouring mould and bacteria inside. It's an easy fix once someone actually opens it up properly," said Alvin Tan, Founder of Sureclean.

The service is bookable through Sureclean's website or via WhatsApp, with a specialist confirming the appropriate cleaning tier after reviewing the machine.

About Sureclean

Founded in 2013, Sureclean is an NEA Class 3-licensed cleaning company (Licence No. NEA240120/6509C/C3/N01) based in Singapore, rated 4.9 stars across more than 1,500 Google reviews. The company employs its own trained cleaning crews, each completing 400 hours of training, and holds S\$1,000,000 in public liability insurance. Sureclean has cleaned over 50,000 homes across Singapore.
