

La Porte Master Electrician Brings Utility Grid Experience to Home Electrical Work

Rated 5.0 across 85 Google reviews, Power Surge Electric serves 21 Houston Bay Area communities with residential and commercial electrical work.

LA PORTE, TX, UNITED STATES, August 24, 2026 /EINPresswire.com/ -- [Power Surge Electric LLC, an electrical contractor based in La Porte, Texas,](#) serves 21 communities across the Houston Bay Area under an owner who spent four years working on the utility distribution grid before opening the business.

Your trusted electrician in La Port Tx, BayTown, & Deer Park

Owner Tyler Beene is a licensed Master Electrician holding Texas license #38432, with more than 11 years in the trade. He entered through Local Union 716, completed a five year apprenticeship, and earned his Journeyman License. He then spent four years at CenterPoint Energy on the lineman side, working the distribution system that carries power to homes and businesses. He earned his Master Electrician License during that period and founded Power Surge Electric.

“

A lot of the calls I go on are problems other people could not figure out. Flickering lights after rain, power dropping out, a system that just does not feel right.”

Tyler Beene, Owner and Master Electrician, Power Surge Electric LLC

Most residential electricians work inside the building. Line crews work outside it. Beene has done both, and the company takes on work at the boundary that many residential contractors refer out: underground residential distribution (URD) replacements, trenching and conduit for new service runs, weather head and service mast repairs, utility coordination for meter installations, and full electrical restoration after copper theft.

"A lot of the calls I go on are problems other people could

not figure out," said Beene, Owner and Master Electrician at Power Surge Electric LLC. "Flickering lights after rain, power dropping out, a system that just does not feel right. I look at the whole

thing instead of one piece of it, because I have worked on both sides of the meter."

The rest of the company's work covers [electrical panel upgrades](#) and service upgrades, EV charger installation, residential and commercial lighting, backup power and standby generator installation, commercial electrical work, and [24/7 emergency electrical service](#).

Power Surge Electric holds a 5.0 rating across 85 Google reviews. The company serves La Porte, Baytown, Deer Park, Pasadena, Houston, Channelview, Seabrook, Kemah, Clear Lake, League City, Webster, Friendswood, Pearland, Sugar Land, Bacliff, Mount Belvieu, Galena Park, Dickinson, Santa Fe, Alvin, and Lake Houston.

Standard hours are Monday through Friday, 7:00 a.m. to 7:00 p.m., and weekends from 8:00 a.m. to 3:00 p.m. Emergency service is available outside those hours.

Homeowners and businesses can request service or see the full service list at power-surges.com or by calling (281) 221-9395.

About Power Surge Electric LLC

Power Surge Electric LLC is a licensed and insured electrician in La Porte, Texas, serving residential and commercial customers across the greater Houston Bay Area.
