

INSTANT GOLF IMPROVEMENT ANNOUNCES GOLF SCHOOL DATES STARTING NOVEMBER 2026

John Hughes is proud to announce dates for Instant Golf Improvement retreats from November 2026 through November 2027.

CHAMPIONSGATE, FL, UNITED STATES, August 24, 2026 /EINPresswire.com/ -- [Instant Golf Improvement](#) is a system designed by expert golf instructor John Hughes to help beginners get into the game as quickly as possible. The “six pillars to golf success” are outlined in the book of the same name, and they form the basis of the in-person and virtual golf coaching sessions that John Hughes and his team of instructors lead.

Beginning in November 2026, Instant Golf Improvement offers seven two-day retreats, with each one filled with valuable, immediately actionable instruction on the basics of golf. Even students who have never played the game will leave this event ready to book their own tee times with confidence, equipped with the knowledge they need to enjoy golfing and continue improving their skills.

Each Instant Golf Improvement two-day retreat is capped at 12 students to ensure each student receives hands-on, focused attention from the instructor. The retreat costs \$1,999 per student and includes all instruction, greens fees, and access to a wealth of supporting resources for students to review after the retreat. Students can book accommodations at the Omni Orlando Resort or at one of the many other great hotels in the surrounding region.

All seven retreats are hosted at the Omni Orlando Resort at ChampionsGate, a beautiful golf destination in central Florida. Weather conditions are ideal for golf in this area year-round, making it a great choice for golfers looking to escape the cold in winter and build their skills in a small-group setting.

Instant Golf Improvement prioritizes practical instruction, immediate feedback, and real-world playing scenarios. John Hughes and his team of instructors focus on helping students make technique adjustments that make them better golfers right away. In two days of dedicated coaching in practice contexts as well as on one of the Omni Orlando Resort's award-winning courses, students learn a wide variety of golf skills, become familiar with the rules of the game, and return home having made significant strides toward becoming competitive golfers.

Golf enthusiasts who like the premise of Instant Golf Improvement but can't make it to the Orlando, Florida area for an in-person golf retreat can book a [virtual coaching session](#) online with an expert teacher. Digital tools collect video and detailed swing data on the student, which the teacher reviews to provide practical, immediately helpful tips that help the student be more effective from the tee, on the green, and on the fairway.

[Golfers can order the book](#), Instant Golf Improvement, on the organization's website, where they can also find out details on what is included in the two-day golf schools. Students can also sign up there to receive virtual coaching or to request access to the Instant Golf Improvement library of video courses.
