

KTG Industrial co-hosts Workforce insight snapshot

KTG Industrial & SingCham Vietnam co-host Workforce Insight Snapshot 2026 on Northern Vietnam's industrial sector.

HO CHI MINH, VIETNAM, August 24, 2026 /EINPresswire.com/ -- [KTG Industrial](https://www.einpresswire.com/ktg-industrial), a joint venture between Khai Toan Group (Vietnam) and Boustead Projects (Singapore), announced the successful conclusion of the Workforce Insight Snapshot 2026: Northern Vietnam Industrial Market, co-organized with the Singapore Chamber of Commerce Vietnam.

The event brought together senior business leaders, investors, and industry professionals to examine one of the defining factors shaping manufacturing competitiveness: workforce readiness across Northern Vietnam's industrial zones.

The forum's highlight was a presentation by Mr. Koh Eng Meng, Head of Investment & Asset Management, who delivered an in-depth analysis of the shifting landscape across Northern Vietnam's industrial zones - covering workforce trends, investor sentiment, and emerging opportunities shaping the region's manufacturing outlook.

Through panel sessions and direct expert exchanges, attendees drew actionable insights on

workforce availability, labour market conditions, and their implications for foreign direct investment across the region.

Events such as the Workforce Insight Snapshot 2026 reflect KTG Industrial's commitment to fostering meaningful industry dialogue. By connecting investors, operators, and market specialists, KTG Industrial aims to build shared understanding - a foundation for sustainable industrial growth across the region.

The event further affirmed KTG Industrial's role in advancing knowledge-sharing within Vietnam's industrial real estate sector, in alignment with its mission to develop high-quality industrial infrastructure across key northern provinces.

About BKIM

BKIM is a joint venture partnership between Khai Toan Group (Vietnam) and Boustead Projects (Singapore) operating under the KTG Industrial brand. This collaboration synergizes deep local market expertise with Singapore's industrial development standards to deliver a comprehensive suite of solutions: ready-built factories, ready-built warehouses, and built-to-suit facilities. KTG Industrial's projects feature fully integrated technical infrastructure, including a stable power supply, standardized wastewater treatment systems, and facilities specifically designed to accommodate a wide range of industries.

Furthermore, the company is actively transitioning toward a green industrial real estate model through the deployment of rooftop solar systems and a commitment to achieving LEED and LEED Gold certifications. This enables FDI enterprises to shorten their operational time-to-market while fulfilling the ESG standards required by global supply chains.
