

Longtime Finance & Accounting Technology Expo (FATE) Partner Una Brings AI-Powered Performance Planning to FATE 2026

Una AI deepens its year-round involvement with the FATE community and takes the stage for two sessions on agile planning, AI, and the FY27 finance tech stack.

NEW YORK, NY, UNITED STATES, August 24, 2026 /EINPresswire.com/ -- As finance leaders look beyond the AI demo to determine what actually drives performance, longtime FATE partner [Una AI](#) is returning to the [Finance & Accounting Technology Expo](#) (FATE) as a Platinum Exhibitor. FATE 2026 takes place November 18–19 at the Javits Center in New York City.

Una has built a strong presence within the FATE community over the years, both on and off the expo floor, which give finance leaders an opportunity to explore emerging technology through focused conversations and practical product demonstrations.

“

The Finance & Accounting Technology Expo has become a must-attend event for our team. ”

Darrell Cox, CFO at Una AI

That year-round engagement continues at FATE 2026, where Una will bring its perspective on a question facing finance teams everywhere: How do you move from experimenting with AI to building a finance operating model that actually performs?

Una is a performance planning software built to drive execution, not just analysis. Its AI-powered approach is designed to help finance teams move beyond static planning cycles, adapt as business conditions change, and keep financial plans connected to real-world performance.

At this year's expo, Una will lead two sessions tackling the decisions finance leaders are making as they rethink planning and their technology stacks for an AI-enabled future.

Beyond the AI Demo: An Operating Model that Actually Drives Performance
Wednesday, November 18 | 10:50–11:15 a.m.

Build, Buy, or Integrate: Strategies for Your FY27 Finance Tech Stack
Thursday, November 19 | 10:50–11:15 a.m.

For Una, those conversations are a key reason the team continues to return to FATE.

"The Finance & Accounting Technology Expo has become a must-attend event for our team. It's a great opportunity to connect with finance leaders, have meaningful conversations, and showcase how we're helping organizations modernize their financial operations." — Darrell Cox, CFO at Una AI

Una's involvement with FATE extends beyond two days in New York. Through Tech Spotlights and its continued presence at the expo, the team engages with the FATE community throughout the year—giving finance leaders multiple opportunities to see technology in action, ask practical questions, and explore how new approaches could fit within their organizations.

Attendees can connect with the Una team on the expo floor, experience the platform firsthand, and continue the conversation around what it takes to turn AI, agile planning, and modern finance technology into better execution.
