

Awarded Best Window Covering Store in Las Vegas and Summerlin

Recognized as a top window covering store serving Las Vegas and Summerlin with custom treatments, professional installation, and local expertise.

LAS VEGAS, NV, UNITED STATES, August 24, 2026 /EINPresswire.com/ -- **LAS VEGAS, NV — August 24, 2026 —** [Las Vegas Blinds, Solar Screens & Shutters Window Coverings Center](#) is highlighting its recognition as an **award-winning Best Window Covering Store in Las Vegas and Summerlin**, reinforcing the company's commitment to custom window treatments, professional installation, personalized design guidance, and locally focused service throughout the Las Vegas Valley.

Custom window coverings in Las Vegas, NV, designed to improve privacy, light control, comfort, and interior style.

“

We're proud of this recognition and remain focused on helping Las Vegas and Summerlin customers find stylish, functional window coverings with professional local service.”

*Las Vegas Window Coverings
Center*

The recognition reflects the company's continued work helping homeowners, property managers, designers, and businesses choose window covering solutions suited to the unique light, privacy, heat, and design needs of Southern Nevada properties.

Based at **3871 S Valley View Blvd #6, Las Vegas, NV 89103**, the company serves customers throughout **Las Vegas, Summerlin, Summerlin South, Spring Valley, Enterprise, Henderson, North Las Vegas**, and surrounding communities.

“We're proud of this recognition and grateful for the trust customers place in our team,” said a representative of Las Vegas Blinds, Solar Screens & Shutters

Window Coverings Center. "Our goal is to help every customer find window coverings that look right, fit correctly, and work well for the way they use their home or business."

Award-Winning Window Covering Service in Las Vegas and Summerlin

Choosing window coverings involves more than selecting a color or material.

Different rooms can require different levels of privacy, glare reduction, light control, insulation, and design flexibility. Homes with large west-facing windows, for example, may experience very different afternoon sun exposure than rooms facing north or east.

Las Vegas Blinds, Solar Screens & Shutters Window Coverings Center helps customers evaluate their space before selecting a treatment.

The company provides guidance for a range of window covering needs, including:

- * [Custom window coverings](#)
- * Residential window treatments
- * Commercial window treatments
- * Blinds
- * Shutters
- * Solar screens
- * Motorized window coverings
- * Privacy-focused window treatments
- * Light-filtering solutions
- * Room-darkening options
- * Window coverings for large windows
- * Window coverings for sliding doors
- * Professional measuring

Professional window treatments in Las Vegas, NV, offering customized solutions for privacy, light control, comfort, and interior design.

Modern window covering solutions in Las Vegas, NV, designed for privacy, light control, comfort, and contemporary interior style.

* Professional installation

The company's approach is designed to help customers choose solutions based on both appearance and function.

Custom Window Coverings in Las Vegas

Las Vegas homes can experience intense sunlight for much of the year.

Large windows can brighten interior spaces, but they can also create glare, reduce privacy, and allow significant solar heat into a room.

Custom window coverings can help homeowners better control sunlight while complementing the design of the property.

Las Vegas Blinds, Solar Screens & Shutters Window Coverings Center works with customers to consider factors such as:

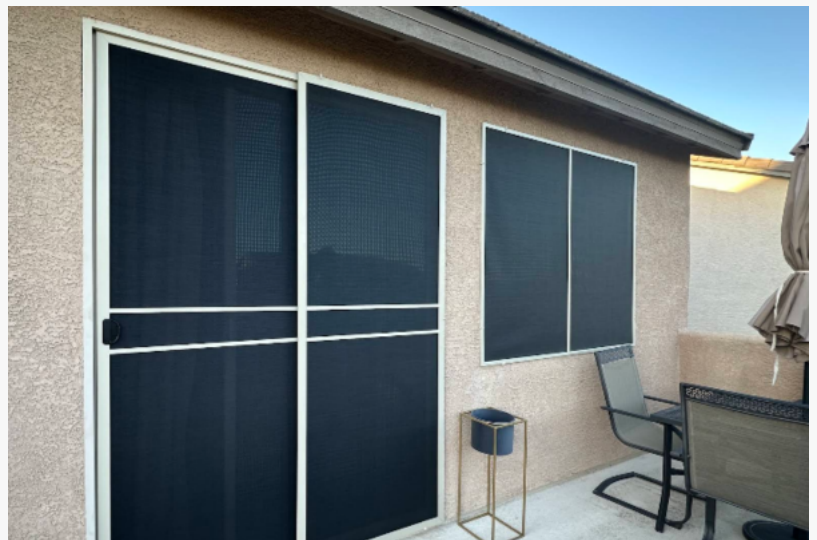

- * Window size
- * Sun exposure
- * Privacy needs
- * Interior design
- * Room use
- * Ease of operation
- * Child and pet considerations
- * Light control
- * Heat and glare
- * Motorization preferences

By considering these factors before installation, the company can help customers narrow down window treatment options that better match their needs.

[Window Coverings in Summerlin](#), NV

Residential window treatments in Las Vegas, NV, designed to improve privacy, light control, comfort, and interior appearance.

Professional window covering installation in Las Vegas, NV, providing a precise fit, reliable operation, and a clean finished look.

Summerlin remains one of the company's primary service areas.

Homes throughout **Summerlin, Summerlin South, The Ridges, Red Rock Country Club, The Vistas, The Paseos**, and surrounding communities often include large windows, open floor plans, sliding glass doors, and strong exposure to the Southern Nevada sun.

These design features can make window treatment selection especially important.

The company provides consultations for homeowners looking for window coverings that can offer a combination of:

- * Privacy
- * Light control
- * UV exposure reduction
- * Glare management
- * Interior design compatibility
- * Convenient operation
- * Clean, finished appearance

Customers can evaluate both traditional and modern window treatment options depending on the style of the home and the desired level of control.

Professional Measuring and Installation

Accurate measurement is an important part of any custom window covering project.

Even small measurement errors can affect fit, appearance, and operation.

The company provides professional measuring services to help determine the appropriate dimensions before products are ordered or installed.

Installation also matters because window coverings need to be properly mounted and aligned to operate correctly.

Professional installation can help ensure that window treatments are positioned securely and function as intended.

For customers with multiple windows, large openings, specialty shapes, or sliding doors, professional measuring and installation can simplify the process and reduce the risk of ordering incorrectly sized products.

Window Treatments for Las Vegas Heat and Sun

Southern Nevada's climate is one of the reasons many homeowners invest in window coverings.

Strong sunlight can create glare, increase interior heat, and affect furnishings, flooring, artwork, and other interior finishes over time.

Depending on the product and installation, window coverings may help homeowners manage:

- * Direct sunlight
- * Interior glare
- * Privacy
- * Solar heat
- * UV exposure
- * Room brightness
- * Visibility from outside

The best solution depends on the direction of the window, the amount of sun exposure, the room's purpose, and the homeowner's design preferences.

The company encourages customers to consider both daytime and nighttime privacy when selecting treatments, especially for bedrooms, bathrooms, living rooms, offices, and street-facing windows.

Motorized Window Covering Solutions

Motorized window coverings continue to grow in popularity among Las Vegas homeowners.

Motorization can be particularly useful for:

- * Tall windows
- * Hard-to-reach windows
- * Large groups of windows
- * Media rooms
- * Bedrooms
- * Modern homes
- * Smart-home applications

Depending on the selected system, customers may be able to control compatible window coverings using remotes, wall controls, or smart-home integrations.

Motorization can also provide a clean design solution by reducing the need for manual cords or repeated adjustment throughout the day.

Residential and Commercial Window Coverings

Las Vegas Blinds, Solar Screens & Shutters Window Coverings Center serves both residential and commercial customers.

Residential projects may include:

- * Living rooms
- * Bedrooms
- * Kitchens
- * Home offices
- * Dining areas
- * Media rooms
- * Sliding doors
- * Large picture windows

Commercial projects may involve:

- * Offices
- * Retail locations
- * Professional suites
- * Meeting rooms
- * Reception areas
- * Property management projects
- * Tenant improvements

Commercial customers may prioritize durability, glare management, privacy, clean appearance, and ease of operation.

Residential customers may place greater emphasis on interior design, privacy, comfort, and matching treatments with furnishings and finishes.

Window Covering Service Throughout Summerlin

The company provides window treatment consultations throughout several Summerlin communities.

****Summerlin South****

Custom window coverings for homes with large windows, modern layouts, and strong sun exposure.

****The Ridges****

Window treatment options designed to complement contemporary and custom residential interiors.

****The Paseos****

Custom window coverings, measuring, and installation for residential properties.

****The Vistas****

Window treatment solutions for privacy, glare reduction, and interior design.

****Red Rock Country Club****

Custom window treatments for homeowners looking to coordinate window coverings with premium interior finishes.

The company also serves customers throughout nearby ****Spring Valley and Enterprise****.

Window Coverings Beyond Summerlin

While Summerlin and Las Vegas remain primary markets, the company's service coverage extends throughout the Las Vegas Valley.

Customers can also request window covering consultations in:

- * Henderson
- * North Las Vegas
- * Spring Valley
- * Enterprise
- * MacDonald Highlands
- * Anthem
- * Surrounding Southern Nevada communities

This broader service area allows homeowners and businesses throughout the valley to access professional window treatment measuring and installation.

Why Local Window Treatment Expertise Matters

Window coverings that work well in one climate or property type may not be ideal for another.

Las Vegas properties frequently experience strong sun exposure, high summer temperatures, large windows, and a wide variety of architectural styles.

Local experience helps window treatment professionals understand the practical concerns customers commonly face.

These can include:

- * Afternoon heat
- * Direct sunlight
- * Glare
- * Privacy
- * Large window openings
- * Sliding glass doors
- * Modern interior designs
- * High windows
- * Motorization needs

A professional consultation can help customers compare options based on the characteristics of their individual space rather than choosing a window covering based solely on appearance.

What the Recognition Means for Las Vegas Customers

Recognition as a ****Best Window Covering Store in Las Vegas and Summerlin**** gives customers another factor to consider when comparing local window treatment providers.

For Las Vegas Blinds, Solar Screens & Shutters Window Coverings Center, the recognition also represents a commitment to maintaining the service standards associated with the award.

The company emphasizes four priorities:

****Local Expertise —**** Understanding the window covering needs of Las Vegas and Summerlin properties.

****Personalized Recommendations —**** Helping customers compare treatments based on privacy, light, design, and functionality.

****Accurate Measuring —**** Taking proper measurements before custom products are ordered.

****Professional Installation —**** Installing window treatments securely and correctly for dependable operation.

Continuing to Serve Las Vegas and Summerlin

Las Vegas Blinds, Solar Screens & Shutters Window Coverings Center continues to provide custom window treatment service throughout Las Vegas and Summerlin.

Whether a homeowner needs custom window coverings in ****Summerlin****, light-control solutions in ****The Ridges****, privacy-focused treatments in ****The Vistas****, window coverings for

a new home in **The Paseos**, or professional measuring and installation elsewhere in **Las Vegas**, the company provides local consultation and installation services throughout the valley.

The company's goal is to combine award-winning recognition with practical local expertise so customers can select window coverings that enhance privacy, light control, comfort, and interior design.
