

Compton Calls on Community, Businesses and Sponsors to Support 7th Annual Prostate Cancer Awareness Walk

September 19 event at Compton College will bring together residents, community leaders and health partners for free PSA testing, education and resources

COMPTON, CA, UNITED STATES, August 24, 2026 /EINPresswire.com/ -- The [7th Annual Prostate Cancer Awareness Walk & Community Giveaway](#) returns to Compton College on Saturday, September 19, 2026, from 9:00 a.m. to 12:00 p.m., with organizers calling on residents, businesses, community organizations and corporate partners throughout Southern California to walk, sponsor and help spread a potentially lifesaving message.

“

I know firsthand that early detection can save your life. That is why this walk means so much to me. We have to get our men past the fear, get them the information they need and get them screened.”

Alonzo "Lonzo" Williams

Produced by the Compton Entertainment Chamber of Commerce (CECC) and Lyrical Revolution, the annual event brings together community leaders, health professionals, survivors, families and advocates around one critical mission: increasing prostate cancer awareness and encouraging men to get screened.

Community leaders participating in this year's event include Hip Hop pioneer and prostate cancer survivor Alonzo "Lonzo" Williams and Compton Councilman Jonathan Bowers.

Attendees will have access to free PSA testing, health information, community resources, conversations with survivors and medical professionals, and a community giveaway.

The message is simple: Learn the facts. Get screened. Save lives.

Residents throughout Compton and surrounding communities are encouraged to register now and bring their fathers, brothers, husbands, sons, uncles, friends and neighbors. Participation in the walk is an opportunity to stand with prostate cancer survivors, remember those who have been lost, support families and encourage men to take a proactive approach to their health.

Sponsors and Community Partners Needed

Organizers are inviting businesses, corporations, healthcare organizations, nonprofits and community partners to support the 7th Annual Prostate Cancer Awareness Walk through sponsorship.

Sponsorship provides organizations with an opportunity to support men's health while demonstrating a tangible commitment to the communities they serve. Sponsor support helps expand community outreach, health education, screening awareness, event resources and the overall reach of the campaign.

Businesses and organizations interested in becoming sponsors are encouraged to get involved now as organizers prepare for the September event. This is more than an opportunity to put a company name behind an event. It is an opportunity to put resources behind a message that can save lives.

Why This Walk Matters

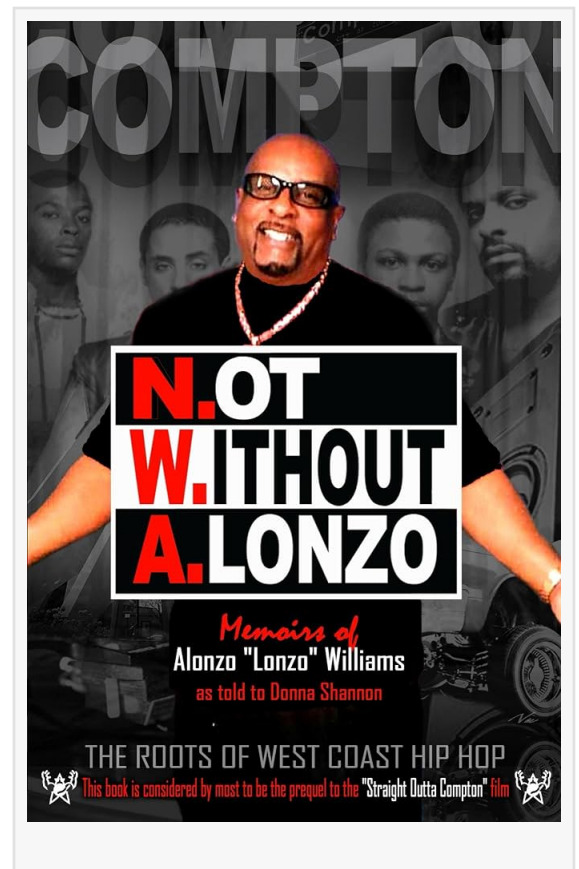

Prostate cancer awareness begins with conversations that many men and families are still not having. Barriers to screening can include lack of information, limited access to healthcare, fear and simply putting off an important health decision. The annual walk brings that conversation directly into the community.

Organizers want men to understand that getting information and getting screened should not be something they wait to think about until there is a problem.

Our men deserve access. Our families deserve awareness. Our city deserves health equity.
