

Movers USA Celebrates 20 Years of Serving Maryland Families and Businesses

Bethesda-based moving and storage company marks two decades of local and long-distance relocation service.

BETHESDA, MD, UNITED STATES, August 24, 2026 /EINPresswire.com/ -- [Movers USA](#), a licensed

“

Twenty years in this industry means we have moved multiple generations of the same families, and in some cases, watched small businesses we helped relocate.”

Sharon Nahoom

and insured moving and storage company based in Bethesda, Maryland, is celebrating 20 years of serving Maryland families and businesses. Over that time, the company has grown from a single location into a full-service operation spanning Jessup, Severn, and Bethesda, Maryland.

The company's services have expanded alongside its footprint, now covering local moving, long-distance and interstate relocation, commercial and office moves, packing services, and climate-controlled storage. Movers

USA holds Registered Mover Program certification through the Maryland Attorney General's office, along with FMCSA compliance, ProMover certification, GSA certification, and BBB accreditation.

Throughout its history, the company has built its reputation on binding, weight-based estimates that give customers a fixed cost before a move begins, and a crew structure designed to keep the same team with a customer's belongings from pickup through delivery. Movers USA credits this consistency, along with its investment in employee training and equipment, for its two decades of continued operation in a competitive regional market.

Looking ahead, Movers USA plans to continue expanding its service offerings across its three Maryland locations while maintaining the operational standards that have defined the company since it opened. Maryland residents and businesses can find more information about the company's services on its website.
