

Shugarman's Bath Ranks No. 2,614 on the 2026 Inc. 5000 List

A 123 percent revenue growth over three years helped the San Diego remodeling company land a spot among the nation's top-growing private companies.

SAN DIEGO, CA, UNITED STATES, August 24, 2026 /EINPresswire.com/ -- Shugarman's Bath ranks at No. 2,614 on the 2026 Inc. 5000, an annual list from Inc. magazine that recognizes the fastest-growing private companies based in the United States. The company's revenue grew 123% over three years.

The Inc. 5000 has tracked the country's top-performing private companies for more than 40 years. To be included, a company must be privately held, for-profit, based in the United States, and independent of any parent company. Ranking is based on revenue growth over a three-year period. For 2026, revenue was compared from 2022 to 2025. Every company on the list receives a [dedicated profile on Inc.com](#).

"It's quite an achievement to make the Inc. 5000 list, especially when we're in an industry where many contractors don't make it past the first few years," said Chase Shugarman, President and co-owner of Shugarman's Bath. "Our team has always made sure to not only do high-quality work, but to always do right by our customers. Making it on this list shows that our approach has been working. We're thankful to the communities in San Diego and Orange County for trusting us to work in their homes."
