

Centre Recognized on CRN's 2026 Fast Growth 150 List

Centre Technologies has been recognized by CRN, a brand of The Channel Company, on its prestigious 2026 Fast Growth 150 list.

HOUSTON, TX, UNITED STATES, August 25, 2026 /EINPresswire.com/ -- This year's Fast Growth 150 reflects a technology market fueled by unprecedented demand for artificial intelligence,

“

This recognition is a reflection of our people, our customers, and our commitment to delivering meaningful business outcomes in the age of AI.”

*Chris Pace, CEO and Founder
of Centre Technologies*

cybersecurity modernization, cloud transformation, and strategic IT services. Organizations across every industry are investing in technologies that strengthen security postures and enable business innovation, creating substantial growth opportunities for solution providers capable of delivering measurable outcomes.

Centre's recognition reflects the company's ability to help organizations navigate this rapidly evolving technology landscape. By combining strategic consulting, enterprise-grade managed services, cybersecurity expertise, AI-

readiness, cloud solutions, and business application services, Centre continues to help clients modernize operations while reducing risk and improving business performance.

"This recognition is a reflection of our people, our customers, and our commitment to delivering meaningful business outcomes," said Chris Pace, Founder and CEO of [Centre Technologies](#). "As technology continues to evolve, organizations need trusted advisors who can help them leverage AI and strengthen cybersecurity, while aligning IT investments with business goals. We're honored that our growth reflects the success of our clients and the trust they place in our team."

Centre's growth has been accelerated by a series of strategic investments in services and expansion initiatives. Recently, Centre announced a [strategic partnership with LightBay Capital](#), providing additional resources to expand its national footprint, enhance AI and cybersecurity capabilities, deepen industry expertise, and advance its acquisition strategy within the managed services market. The partnership marked a significant step forward in Centre's vision to become a premier managed services and cybersecurity platform serving organizations across the United States.

The investment builds upon years of sustained growth and industry recognition, including Centre's year-after-year appearance CRN's MSP 500, Solution Provider 500, Fast Growth rankings, including CRN's coveted Triple Crown in 2024. Combined with an expanding portfolio of managed IT, cybersecurity, cloud, AI, data analytics, and business application services, Centre is well positioned to meet the increasing demand for strategic technology leadership in an increasingly complex digital environment.

Serving organizations across the nation, Centre continues to differentiate itself through a combination of enterprise-level expertise, personalized service, and a relentless focus on client outcomes. As businesses seek guidance on AI adoption, cybersecurity resilience, cloud modernization, and digital transformation, Centre remains committed to helping clients leverage technology as a competitive advantage.
