WALLINGFORD, CT, UNITED STATES, August 26, 2026 /EINPresswire.com/ -- ASG Information Technologies has been named to the [Inc. 5000](#), ranking No. 3,382 on the 2026 list of the fastest growing private companies in the United States.

Earning a place on the Inc. 5000 list for six consecutive years reflects ASG's continued growth as the company approaches its 30th year in business.

The recognition continues a strong year for the Connecticut based managed service provider.

“Being named to the Inc. 5000 for six years in a row is something we’re really proud of,” said Ryan Kreger, Chief Executive Officer of ASG Information Technologies. “As we’ve grown, we’ve stayed focused on building the right team and continuing to improve the service and experience we provide to our clients.
