

Eagle Eye Construction Emerges as a Leading Home Improvement Contractor Serving Northern Virginia

Falls Church general contractor built on hands-on craftsmanship and bilingual service adds artificial turf to its home improvement offerings.

FALLS CHURCH, VA, UNITED STATES, August 25, 2026 /EINPresswire.com/ -- [Eagle Eye Construction](#) LLC is a licensed and insured general contractor based in Falls Church, Virginia, serving homeowners throughout Fairfax County, Arlington County, and Loudoun County. Founded and personally led by Vittorio Palacios, Eagle Eye Construction has built its reputation in Northern Virginia on a standard many contractors don't offer: the owner is on-site for every single project.

What services does Eagle Eye Construction offer?

Eagle Eye Construction provides interior and exterior painting, flooring installation (LVP, hardwood, and tile), hardscaping and retaining wall construction, drainage solutions, kitchen and bathroom remodeling, [artificial turf installation](#), and full general contracting services including permit and subcontractor coordination.

Why homeowners in Northern Virginia choose Eagle Eye Construction

In a region where homeowners often don't know who's actually showing up to do the work, Eagle Eye Construction differentiates itself through direct owner accountability, written estimates with no surprise charges, and fully bilingual English and Spanish service — a genuine advantage given Northern Virginia's diversity. The company is licensed under Virginia Contractor License

Eagle Eye Construction, a licensed and insured general contractor based in Falls Church, VA, serving Fairfax, Arlington, and Loudoun counties.

#2705198043 and holds insurance coverage for every project it undertakes.

Eagle Eye Construction expands into artificial turf installation

Eagle Eye Construction recently added professional artificial turf installation to its Northern Virginia service offerings, directly addressing a common regional challenge: heavy clay soil and poor drainage that make it difficult for homeowners in Fairfax, Arlington, and Loudoun counties to maintain a healthy natural lawn. Every artificial turf installation from Eagle Eye Construction includes full site grading, proper base compaction, and drainage planning — the same standards the company applies to its retaining wall and hardscaping projects throughout the region.

Before and after: Eagle Eye Construction transformed this Rosslyn, Virginia apartment with new LVP flooring and a full interior repaint.

“

We built this company around doing things the right way, even when it takes more time.

Homeowners deserve a contractor who shows up and stands behind the work.”

Vittorio Palacios, Founder & Owner, Eagle Eye Construction

"We built this company around doing things the right way, even when it takes more time," said Vittorio Palacios, founder and owner of Eagle Eye Construction.

"Homeowners deserve a contractor who shows up, explains what's actually happening with their property, and stands behind the work — whether we're solving a drainage problem behind a retaining wall or installing a new lawn that's actually going to hold up."

What areas does Eagle Eye Construction serve?

Eagle Eye Construction serves Falls Church, Fairfax, Arlington, McLean, Vienna, Annandale, Alexandria, and the

broader Northern Virginia region, with additional licensing in Washington, DC.

How to request an estimate from Eagle Eye Construction

Homeowners can request a [free, on-site estimate](#) from Eagle Eye Construction by visiting EagleEyeConstruction.com or contacting the company directly. As Eagle Eye Construction continues to grow across Northern Virginia, the company remains focused on the fundamentals that built its reputation: quality craftsmanship, transparent communication, and hands-on ownership involvement on every job.
