

Copper Moon Coffee Touches Down in Texas

Indiana-Based Roastery Expands Retail Footprint with Statewide Launch of Stargazer™ and Dark Sky™ Whole Bean Coffees

LAFAYETTE, IN, UNITED STATES, August 25, 2026 /EINPresswire.com/ -- [Copper Moon Coffee](#), the Indiana-based family-owned roastery known for its smooth, evenly roasted blends and "Reach for the Moon®" philosophy, is bringing two of its signature coffees to Texas. Beginning this August, Stargazer™ and Dark Sky™ will be available in 2-pound whole bean bags at select H-E-B stores across the state.

This move into Texas provides Copper Moon Coffee with an opportunity to introduce its premium roasts to millions of consumers across the Lone Star State. The expansion strengthens Copper Moon's growing retail footprint and places the brand in some of Texas's largest and most influential markets, including San Antonio, Houston, Austin, Dallas-Fort Worth, and the Rio Grande Valley.

"Texas has a strong coffee culture, and we're excited to introduce Texans to the smooth, balanced roasting style that defines Copper Moon Coffee, while continuing to fuel our greater mission of giving back," said Brad Gutwein, CEO of Copper Moon Coffee.

The two featured blends showcase Copper Moon Coffee's dedication to crafting distinctive coffees that appeal to a wide range of tastes:

Stargazer™ is a medium roast offering a smooth start and finish. Notes of toasted almond, milk chocolate, and blueberry are complemented by medium to medium-light acidity and a crisp, clean finish.

Dark Sky™ is a dark roast with a bold yet remarkably clean profile. Full-bodied and low in acidity, it features notes of dark cocoa, roasted nuts, blueberry, and plum, along with subtle smoky

Stargazer

characteristics and a touch of unexpected sweetness.

Both coffees are roasted at Copper Moon Coffee's state-of-the-art facility in Lafayette, Indiana, where the company combines advanced roasting technology with generations of family values focused on quality, consistency, and hospitality.

Beyond coffee, Copper Moon Coffee remains committed to supporting education and innovation through contributions to organizations including the Astronaut Scholarship Foundation, Purdue University's Maurice J. Zucrow Laboratories, and Purdue Space Day. To date, the company has donated more than \$90,000 to programs that inspire the next generation of scientists, engineers, and explorers.
