

VIETTEL America and Dragon9 Partners, a partnership to launch Cybersecurity Products and Services for US Customers

SANTA CLARA, CA, UNITED STATES, August 27, 2026 /EINPresswire.com/ -- [VIETTEL America](#) and [Dragon9 Partners](#) are forming a strategic partnership to launch [Cybersecurity](#) Products and Services for US Customers

Viettel America (VTA - (www.viettelamerica.com)) is forming a strategic partnership with Dragon9 Partners (D9P - (www.dragon9partners.com)), to provide customers with access to a global team of cybersecurity specialists, architects, engineers and operational support specialists with expertise in all aspects of cybersecurity and experience supporting over 300+ customers across 15 countries. The US-based team consists of C-level leaders, practitioners and senior technical resources that understand the cyber risks from both the business and technology standpoints.

“

With this strategic partnership, VTA/D9P is ready to assist customers with all cybersecurity issues, needs, implementation requirements and tools deployments.”

Michael Wilson

The three primary questions and issues that should be addressed and resolved are:

1. How can a company identify the risks and impacts to its business?
2. What can be done efficiently and effectively to identify, reduce or eliminate these risks?
3. How can the effort be sustained, scaled and adapted to

the business needs and changes?

“We can help companies address these issues by leveraging our cybersecurity knowledge, proven processes, established services and through our partnership with VTA. We always view

A New Force in Cybersecurity

cybersecurity challenges from the customer's point of view and have successfully implemented solutions to resolve them." Said Michael Wilson, D9P President and Managing Partner.

"Our processes and products are proven with over 300+ customers. We are an award-winning technology company with 100+ contest awards and recognition. We are partnering with the top global cybersecurity technology companies. We offer a wide range of products and services from network security monitoring, endpoint detection & protection, pen test/red team to threat intelligence assessment, security operations center, compromise assessment. Our services is top-notch and our cost is very competitive." Said Phuong Nguyen, VTA CEO.

With this strategic partnership, VTA/D9P is ready to assist customers with all cybersecurity issues, needs, implementation requirements and tools deployments.
