

STAR Neo Launches New Service to Help Businesses Transition from Microsoft Publisher to Other Platforms

STAR Neo, today announces the launch of a new service to assist businesses in transitioning from Microsoft Publisher before its retirement in October.

DUBLIN, LEINSTER, IRELAND, August 26, 2026 /EINPresswire.com/ -- [STAR Neo](#), a leading provider of information solutions, today announces the launch of a new service to assist businesses in transitioning from Microsoft [Publisher](#) before its retirement in October.

The managed migration service will find and convert all .pub files into editable Word or [InDesign](#) documents, ensuring that businesses can continue to use and translate their content in any language.

“

With the retirement of Microsoft Publisher, many businesses are left with a large number of .pub files that need to be maintained for the future.”

Damian Scattergood

Damian Scattergood CCO

According to Damian Scattergood, Chief Customer Officer at STAR Neo, this new service is part of their information strategy to help businesses maximize their data assets. With the retirement of Microsoft Publisher, many businesses are left with a large number of .pub files that need to be maintained for the future. STAR Neo's service will not only save businesses time and effort, but also ensure that their content remains translation-ready for any language they sell in.

With the increasing demand for multilingual content, it is crucial for businesses to have their content easily translatable. STAR Neo's service will provide businesses with the flexibility to edit and translate their content in any language. This new service is a testament to STAR Neo's commitment to providing innovative solutions that help businesses thrive in the ever-changing

digital landscape.
