

Law Offices of Steers & Associates Handling Car Accident Cases in Antelope Valley

Law Offices of Steers & Associates, a California personal injury firm with an office in Lancaster, represents car accident victims in the Antelope Valley.

LANCASTER, CA, UNITED STATES, September 2, 2026 /EINPresswire.com/ -- Law Offices of Steers & Associates, a California personal injury firm with an office in Lancaster, is continuing to represent car accident victims throughout the Antelope Valley, including the cities of Lancaster and Palmdale.

The firm's attorneys represent clients involved in rear-end collisions, head-on crashes, and multi-vehicle pileups on roadways across the region. Its Lancaster office allows an Antelope Valley car accident attorney to meet directly with injured clients rather than requiring them to travel to Los Angeles for representation.

Whether it's a [car crash in Lancaster, CA](#) or a [Palmdale car crash](#), the firm follows the same process: securing the police report, identifying and interviewing witnesses, and documenting the full extent of a client's injuries and losses before dealing with the insurance company. An Antelope Valley car accident attorney at the firm handles that work directly, rather than handing the case off to non-attorney staff.

The firm is led by founding partner Elena Steers, Esq. and attorney Allen Vaysberg, Esq. Steers has represented more than 3,000 clients and is known for giving clients direct access to the attorney handling their case, rather than routing them through case managers. Vaysberg leads the firm's personal injury litigation practice and is a member of the Consumer Attorneys Association of Los Angeles and the American Association for Justice. Together, the attorneys bring more than 40 years of combined legal experience to car accident, motorcycle accident, truck accident, and [rideshare accident cases in Lancaster](#) and Palmdale.

The team at Steers & Associates also handles claims involving rideshares, and commercial delivery vehicles, which can add corporate insurance carriers and additional liability questions beyond a standard two-vehicle collision. Additionally, the firm offers free consultations for accident victims across the Antelope Valley before a client decides whether to move forward with a claim.
