

18 Construction Awarded Best Kitchen and Bathroom Remodeler in Aventura, Expands to Nearby Cities

18 Construction expands kitchen and bathroom remodeling services from Aventura to nearby South Florida communities following recent recognition.

AVENTURA, FL, UNITED STATES, August 26, 2026 /EINPresswire.com/ -- 18 Construction Kitchen and Bathroom Remodel Management Group LLC announced an expansion of its kitchen and bathroom remodeling service coverage from Aventura into several nearby South Florida communities.

The expansion includes increased service availability in Sunny Isles Beach, Golden Beach, Hallandale Beach, North Miami Beach, Hollywood, and surrounding areas while Aventura remains a primary market for the company.

The announcement follows growing recognition of 18 Construction's kitchen and bathroom remodeling work in the Aventura area and reflects the company's continued focus on organized project management, efficient scheduling, and residential renovation services.

Rather than expanding into unrelated construction categories, 18 Construction said it will continue concentrating on kitchen and bathroom remodeling while extending its geographic reach.

Remodeling Recognition in Aventura

18 Construction has gained increased visibility for [kitchen and bathroom remodeling in Aventura](#) as the company continues developing its residential renovation operations across South Florida.

The company attributes that growth to a remodeling process centered on advance planning,

construction sequencing, communication, and coordination between the different stages of a project.

Kitchen and bathroom renovations can involve several interconnected phases, including demolition, plumbing, electrical work, cabinetry, countertops, waterproofing, tile, flooring, fixtures, and finishing work.

18 Construction's project-management model is intended to organize those stages so homeowners have a clearer understanding of what work is being completed and what is expected to happen next.

"Expanding beyond Aventura allows us to bring the same organized remodeling process to homeowners throughout nearby South Florida communities," the company said. "Our focus remains on planning, communication, and keeping each stage of the project coordinated from beginning to completion."

Expansion Into Communities Near Aventura

“

Our goal is to make kitchen and bathroom remodeling in Aventura more organized, efficient and dependable while delivering quality results homeowners can enjoy.”

18 Construction Kitchen and Bathroom Remodel Management Group LLC

The expanded coverage includes several communities located immediately around Aventura and along the northeastern Miami-Dade and southern Broward County corridor.

Primary nearby service areas include:

Sunny Isles Beach
Golden Beach
Hallandale Beach
North Miami Beach
Hollywood

18 Construction also works with homeowners in additional communities throughout Miami-Dade, Broward, and Palm Beach counties.

The company said the expansion is designed to create more consistent service coverage around Aventura rather than changing the type of remodeling work it performs.

Aventura will continue to serve as a central market for the company's kitchen and bathroom

remodeling operations.

Kitchen Remodeling Remains a Primary Service

Kitchen remodeling continues to represent one of the company's principal service areas.

Projects may involve cabinet replacement, countertops, backsplashes, flooring, lighting, storage improvements, kitchen islands, and modifications to existing layouts.

The specific scope of each kitchen renovation varies according to the property, the homeowner's objectives, and the existing condition of the space.

For more extensive renovations, multiple construction and installation stages may need to occur in a specific order.

For example, demolition and preparation may need to take place before cabinetry, countertops, electrical work, plumbing adjustments, backsplash installation, and finish work can be completed.

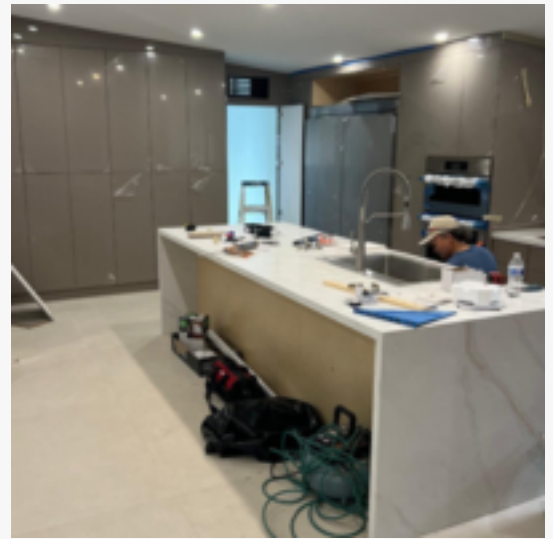

The company said advance project planning is particularly important when several trades or materials must be coordinated within the same renovation.

As service coverage expands, 18 Construction plans to continue using the same project-management process for kitchen remodeling projects in Aventura and nearby communities.

One-Week Bathroom Remodeling for Qualifying Projects

Bathroom remodeling remains another central focus for the company.

18 Construction continues to offer its One-Week Bathroom Remodeling process for qualifying projects where scope, materials, site conditions, and scheduling requirements allow for accelerated completion.

Modern cabinet upgrade as part of a kitchen remodeling project in Aventura, FL by 18 Construction, featuring improved storage, clean finishes, and a refreshed layout.

One-week bathroom remodel in Aventura, FL by 18 Construction, featuring upgraded tile, modern fixtures, and a refreshed bathroom design for improved comfort and function.

The process is based on preparing materials and coordinating construction stages in advance.

A qualifying bathroom remodel may involve shower renovation, tile installation, vanities, fixtures, flooring, lighting, and related improvements.

The company notes that not every project can be completed within one week.

Construction schedules can be affected by permitting, inspections, structural conditions, product availability, custom materials, changes requested during construction, or unexpected conditions discovered after demolition begins.

For projects that qualify, the objective is to reduce unnecessary gaps between demolition, preparation, installation, and finishing work.

Why Project Coordination Matters in Remodeling

Kitchen and bathroom remodeling projects typically involve several tasks that depend on each other.

Tile cannot always be installed until preparation and waterproofing are complete. Countertops generally depend on cabinetry being properly positioned. Plumbing fixtures may need to be coordinated with vanities, showers, and finished surfaces.

Because of these dependencies, delays at one stage can affect later stages of a renovation.

18 Construction said its approach places project sequencing at the center of the remodeling process.

The company develops the scope of work before construction begins and coordinates materials and installation stages according to the requirements of the individual project.

This approach is being carried into the company's expanded service area.

Aventura Remains the Company's Primary Local Focus

Although 18 Construction is expanding into nearby cities, Aventura continues to be an important geographic focus.

Residential kitchen remodeling in Aventura, FL by 18 Construction, featuring premium finishes, updated cabinetry, modern countertops, and a polished functional design.

The city sits near several closely connected residential communities where homeowners frequently search across municipal boundaries for remodeling services.

By serving Aventura together with Sunny Isles Beach, Golden Beach, Hallandale Beach, North Miami Beach, and Hollywood, the company said it can provide more consistent regional coverage while maintaining the same specialization.

The expansion does not represent a shift toward general construction services.

18 Construction will continue concentrating on residential kitchen remodeling, bathroom remodeling, and related project-management services.

What Services Does 18 Construction Provide?

18 Construction specializes in residential kitchen and bathroom remodeling.

Kitchen remodeling projects may include:

- Cabinet replacement and upgrades
- Countertop installation
- Backsplash installation
- Flooring
- Lighting
- Kitchen islands
- Storage improvements
- Layout modifications

Bathroom remodeling projects may include:

- Shower renovations
- Walk-in showers
- Tile installation
- Vanities
- Flooring
- Lighting
- Fixtures
- Related bathroom improvements

The scope and schedule of each project are determined individually based on the existing property, selected materials, requested improvements, and construction requirements.

What Areas Does 18 Construction Serve Near Aventura?

The company's expanded service area includes Aventura and nearby communities such as Sunny Isles Beach, Golden Beach, Hallandale Beach, North Miami Beach, and Hollywood.

Additional service may also be available throughout other areas of Miami-Dade, Broward, and Palm Beach counties.

The company said geographic expansion will continue to focus on communities where its kitchen and bathroom remodeling project-management model can be supported effectively.
