Director, TRC*

Top Three Wholesalers pounds of mercury collected:

- Johnstone Supply: 18.6
- R.E. Michel Co.: 4.9
- F.W. Webb: 3.8

TRC reports that 45 pounds of mercury from 5,204 thermostats have been recycled from 39 wholesalers and 135 branches through July in the BMOP contest, which began May 1 and ends Oct. 31.

“The contest is ongoing, and we have slightly more than two months before its completion,” Myers said. “I urge all partners to participate and contribute to creating a cleaner, safer environment.”

TRC will announce the winners in December.

About Thermostat Recycling Corp. Thermostat Recycling Corp., founded in 1998, is an industry-funded nonprofit supported by 28 manufacturers that historically branded and sold mercury thermostats in the United States. TRC maintains a network of more than 3,600 collection sites nationwide and has recovered more than 3 million thermostats containing 14 tons of mercury

since its inception. The organization covers all costs to transport and properly dispose of mercury switch thermostats recovered from service.
