

Aux Court Launches Real-Time Multiplayer Music Taste Battle Game

JOLIETTE, QUEBEC, CANADA, August 27, 2026 /EINPresswire.com/ -- Independent game developer and music artist GabFreakyPie (Gabriel Rivard) is excited to announce the official release of Aux Court, a real-time multiplayer music curation game where players put their musical taste on trial in head-to-head playlist showdowns.

The game is playable instantly in any web browser at <https://auxcourt.com> and is available for Android on itch.io at <https://gabgamesinc.itch.io/aux-court>.

ABOUT AUX COURT

Aux Court combines the thrill of music discovery with the high stakes of a courtroom trial. In fast-paced 1v1 duels, players enter "The Court of Public Taste" to defend their favorite tracks across four distinct phases:

Pick: Select a track exhibit to match the round's theme or counter your opponent.

Listen: Stream real-time previews of submitted tracks.

Vote: Cast secret votes (YES / NO / Fire reactions) on the opposing selection.

Verdict: The court delivers its ruling—gavel drops, ELO points are won or lost, and split decisions result in a dramatic "Hung Jury."

KEY FEATURES

Head-to-Head 1v1 Duels: Challenge friends, live matchmaking opponents, or the built-in AI AUX Bot.

Ranked Seasons & ELO Leaderboard: Rise through competitive seasonal ladders (currently Season 4), track All-Time records, and earn a permanent spot in the Hall of Fame.

Streamer Mode: Dedicated Host and Join tools designed for Twitch streamers and creators to engage live audiences in interactive music battles.

Multiple Game Modes: Classic Duel, King of the Hill (KOTH), Speed Round, and Genre Gauntlet.

Cross-Platform & Instant Play: Play immediately in the browser with no download required, or install the native Android app via itch.io.
