

CertiProf Launches Limited-Time Call for Guest Partners to Expand AI and Technology Certification Portfolios

MIAMI, FL, UNITED STATES, August 27, 2026 /EINPresswire.com/ -- [CertiProf](#) today officially announced a limited-time international call for its Guest Partner Initiative, inviting commercial training organizations, technical academies, and higher education institutions to join its global network of Authorized Training Partners (ATPs).

The strategic initiative focuses on market expansion across North America (United States) and Latin America, with a specialized operational focus on Brazil. The expansion responds to accelerating global demand for verified skills in Artificial Intelligence, driven by a year of continuous expansion in CertiProf's specialized AI credentialing ecosystem.

Certiprof Guest Partners Initiative

Scaling Enterprise-Grade Artificial Intelligence Portfolios

Over the past year, CertiProf has systematically expanded its specialized Artificial Intelligence curriculum to address regulatory shifts, enterprise compliance requirements, and technical productivity demands.

Accepted Guest Partners gain immediate authorization to deliver CertiProf's complete AI certification suite, which includes:

- AI Governance & Standards Alignment: Credentials mapped directly to international management standards, including ISO/IEC 42001 Lead Auditor (I42001LA™), ISO/IEC 42001

Internal Auditor (I42001IA™), AI Risk Manager (AIRMPC™), and AI Governance Professional (AIGPC™).

- Applied & Generative AI Competencies: Practical credentials covering workforce adoption, including AI Foundation (AIFPC™), Generative AI Professional (GAIPC™), AI Prompt Engineering (APEPC™), and AI for Leaders (AI4L).

Turnkey Business Integration for Educational Providers

Through the Guest Partner program, accepted institutions can integrate internationally recognized exam pathways into their existing academic or commercial catalogs without investing in proprietary examination platforms or psychometric development.

Partners receive:

- Turnkey Exam Infrastructure: Access to web-based proctored examination portals and multi-language testing options.
- Faculty Enablement: Train-the-trainer vouchers, official syllabus materials, and instructor authorization pathways.
- Verifiable Credentials: Automated issuance of blockchain digital badges detailing exact competency domains for instant graduate sharing.
- Commercial Scalability: Institutional pricing models structured to optimize margins for regional training providers.

Application Window and Regional Selection

Applications for the Guest Partner Initiative are open for a limited period to ensure dedicated onboarding support and regional account management across North America and South America.

Executive Educational Resources

To support training directors and commercial leads in evaluating partnership structures, CertiProf has published an educational briefing titled "Scaling Tech Education: How Guest Partners Expand Their AI Portfolio in 2026." The publication is available on the official CertiProf Insights Blog: <https://certiprof.com/blogs/news/expanding-educational-reach-the-strategic-advantages-of-certiprofs-guest-partner-initiative>

Detailed application guidelines and institutional submission forms are accessible at <https://certiprof.com/pages/academic-partners-invitation>

About CertiProf

CertiProf is a global examination and certification body providing credentialing programs across technology, agile practices, cybersecurity, and artificial intelligence governance. CertiProf collaborates with a network of over 1,500 partner institutions across more than 100 countries.
