

UPDATE: TOPDON USA Introduces Free Lifetime Software Updates Now Available on Four Diagnostic Tools

UltraDiag with Key Programming Added to TOPDON Tools Available with Lifetime Software Updates

FAIRFIELD, NJ, UNITED STATES, August 27, 2026 /EINPresswire.com/ -- [TOPDON USA \(https://www.topdon.us\)](https://www.topdon.us), a leading provider of cutting-edge automotive diagnostic tools, technology, and software, announced today that the ArtiDiag700, ArtiDiag800 BT 2, ArtiDiag900 Lite, and [UltraDiag](#) now include free lifetime software updates. Effective August 18, 2026, current and future owners of these tools can keep their diagnostic software up to date without paying additional update fees.

“

This upgrade will make it easier for customers to keep their tools current, capable, and ready to tackle their evolving repair needs without having to worry about additional update fees.”

Chad Schnitz

“Our team believes in developing the most capable diagnostic technology while creating a quality product ownership experience,” said Chad Schnitz, vice president at TOPDON USA. “That’s why we’re providing free lifetime software updates on four of our most popular diagnostic tools. This upgrade will make it easier for customers to keep their tools current, capable, and ready to tackle their evolving repair needs without having to worry about additional update fees. It’s another way we’re helping customers get more value from their TOPDON tools.”

Previously, the ArtiDiag700, ArtiDiag800 BT 2, ArtiDiag900 Lite, and UltraDiag included two years of free software updates. Under the new policy, current and future owners will receive software updates for the supported life of their tools at no additional cost.

- ArtiDiag700: Supports full-system diagnostics for more than 70 vehicle brands, CAN FD protocols, and FCA, Nissan AutoAuth, and VAG SFD security gateway access. AutoVIN, live data, and 15 service functions support routine maintenance and advanced repairs.
- ArtiDiag800 BT 2: Offers full-system diagnostics, bidirectional control, and 28 service functions, including oil resets and window calibration. Bluetooth connectivity enables convenient wireless vehicle communication.

UltraDiag with Key Programming Added to TOPDON Tools Available with Lifetime Software Updates

- ArtiDiag900 Lite: Empowers technicians to overcome the limitations of wired systems, providing unmatched flexibility and convenience. Supports 8 maintenance services and full system diagnostics across 60+ brands.
- UltraDiag: Capable of performing full OBD2 capabilities, accessing 30 commonly used maintenance services, and supporting full-system diagnostics for 100+ car brands; it includes the Repair Data Library to quickly locate faulty parts.

The ArtiDiag700, ArtiDiag800 BT 2, ArtiDiag900 Lite, and UltraDiag are available through TOPDON's national distribution network.

Current ArtiDiag700, ArtiDiag800 BT 2, ArtiDiag900 Lite, and UltraDiag owners can update their software by connecting to Wi-Fi and downloading the most recent software update from the home screen. New units will include lifetime software update access automatically.
