

Twin Sun Promotes Gunnar Ebeling to Lead Developer

Promotion recognizes work on generative AI pipelines and build infrastructure automation

NASHVILLE, TN, UNITED STATES, August 28, 2026 /EINPresswire.com/ -- [Twin Sun](#), a Nashville-based custom software development company, today announced the promotion of Gunnar Ebeling from Software Developer to Lead Developer, effective immediately. This promotion recognizes Gunnar's excellence in software development and demonstration of Twin Sun's core values.

Since joining Twin Sun, Gunnar has delivered across a wide range of client projects and taken on some of the company's most demanding engagements. His promotion recognizes his technical range, his ownership of difficult work, and his growing role as a technical resource for the entire team.

"Gunnar has repeatedly delivered on technically challenging projects at the cutting edge of what is possible with generative AI," said Jami Couch, CTO of Twin Sun. "He takes ownership of every effort he is assigned and is consistently thorough and results-oriented in his craft."

Gunnar currently leads development on a highly scalable multimodal generative AI pipeline for a Twin Sun client. The work spans model evaluation, verification, high-volume processing, and pipeline infrastructure.

Gunnar has also taken on the automation of build and deployment infrastructure. He has replaced individually configured build servers with reproducible automations for provisioning new servers.

"Gunnar has automated infrastructure that several of our projects depend on," Couch added. "His work has created more resilient and reliable infrastructure for Twin Sun and our clients."

Twin Sun, LLC is a custom software development company founded in 2017 and based in Nashville, Tennessee. With a 100% U.S.-based team and no shareholders, Twin Sun's four equal partners work in the business daily, focusing on long-term client relationships. The company specializes in custom software development, technical leadership, and AI integration. Twin Sun maintains a 90%+ client retention rate and delivers 100% of its projects.
