

Twin Sun Promotes Justin Acosta to Lead Developer

Promotion recognizes leadership on client projects and contributions to onboarding and hiring

NASHVILLE, TN, UNITED STATES, August 31, 2026 /EINPresswire.com/ -- [Twin Sun](#), a Nashville-based custom software development company, today announced the promotion of Justin Acosta from Software Developer to Lead Developer, effective immediately. This promotion recognizes Justin's genuinely helpful work ethic and demonstration of Twin Sun's core values.

Since joining Twin Sun, Justin has been someone teammates rely on across the board. His promotion recognizes the leadership he has taken on in recent months, both in client work and in developing the people around him.

"Justin is one of the most genuinely helpful people on our team, and he has stepped up considerably this year," said Jami Couch, CTO of Twin Sun. "He leaves every project and every teammate better than he found them."

Justin currently leads multiple client projects. In a recent engagement, he took an early exploratory idea, proved that it worked, and now heads the productization effort.

Justin has also strengthened Twin Sun's team. He has recently assisted with new team member onboarding and Twin Sun's hiring process. "Justin makes the people around him better," Couch added. "That shows up in how he brings new developers along and in the insight he brings to our hiring conversations."

Twin Sun, LLC is a custom software development company founded in 2017 and based in Nashville, Tennessee. With a 100% U.S.-based team and no shareholders, Twin Sun's four equal partners work in the business daily, focusing on long-term client relationships. The company specializes in custom software development, technical leadership, and AI integration. Twin Sun maintains a 90%+ client retention rate and delivers 100% of its projects.
