

Cabo.Luxury Launches New Website for Private Villa Rentals in Los Cabos

LOS ANGELES, CA, UNITED STATES,
September 14, 2026 /

EINPresswire.com/ -- Cabo.Luxury, a new website for private villa stays, brings together properties in Palmilla, Pedregal, Puerto Los Cabos, Cabo San Lucas, San Jose del Cabo, the Los Cabos Corridor and East Cape.

The site gives travellers a place to explore private villa accommodation and find out which hospitality services they can arrange alongside their stay.

Villas in the collection vary in size and layout, with options for family holidays, group trips, extended stays and business travel. The right fit will depend on how guests plan to use the space.

“

Cabo has become a world-class luxury destination, but there wasn't one place bringing its best villas, services and experiences together. That's why we created Cabo.Luxury.”

David Girard, CEO

Guests can arrange private chefs, butlers, transport and wellness services, as well as grocery provisioning-a practical detail worth considering before arrival. Yacht charters, golf, sport fishing and dining can also be coordinated during a stay.

For travellers seeking larger private accommodation in Los Cabos, the launch brings those options together on a dedicated site.

For groups, the appeal of a villa often lies in having living and dining areas to share, with separate bedrooms and private spaces to retreat to. Depending on the property, guests may also have a private pool, outdoor entertaining areas, a kitchen, a home office and other residential amenities.

Cabo. Luxury also works with travellers combining business and leisure in one trip. A private

residence can offer room for remote work or small meetings, with shared meals and recreational activities fitting around those commitments.

With properties spread across several of the region's residential and resort communities, travellers can weigh up location alongside group size and individual needs when choosing where to stay.

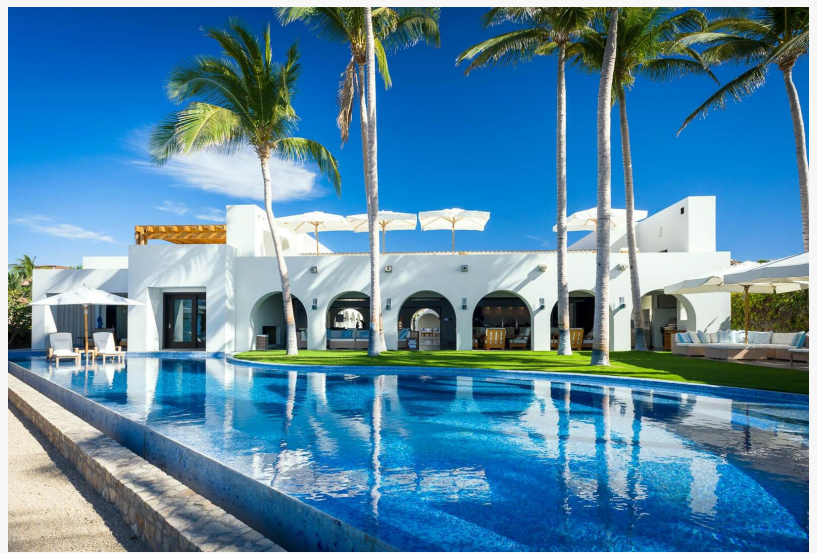

Hospitality services are arranged separately for each reservation; what's available may vary with the property and its location.

The new website gives the company's Los Cabos villa collection and associated guest services a dedicated online home under the Cabo.Luxury name.
