

Peoples Bank & Trust Reaffirms Four Decades of Local Banking

BUFORD, GA, UNITED STATES, August 28, 2026

/EINPresswire.com/ -- Peoples Bank & Trust is placing renewed emphasis on what local banking has meant since opening its doors in 1984. A new commercial campaign supports that message by reflecting familiar relationships, business understanding, and traditions shaped through more than four decades in the community.

For customers considering a local bank in Buford, Georgia, the distinction begins with access to people who know the community and take time to understand individual goals. Peoples Bank & Trust continues to pair personal attention with checking, savings, residential lending, mobile banking, and other services designed around financial life.

Local businesses receive the same relationship-based attention. Organizations evaluating a commercial bank in Buford, Georgia, can work with bankers across business checking, savings, commercial lending, construction financing, remote deposit, credit card processing, and other services.

Local decision-making keeps conversations closer to the businesses being served. Peoples Bank & Trust has a history established through generations of customers, long-standing relationships, and a banking philosophy built around knowing the people behind each account.

Those interested in learning more about the bank's local approach, personal banking, or business services can explore its offerings and community story online. The newly released campaign shows how those relationships continue to shape the bank's work. View those advertisements below:
