

Equipment Maintenance Technicians Marks 23 Years of Service in Aurora, Colorado

The Aurora-based heavy equipment and fleet repair company reaches its 23rd year serving Denver and communities across Colorado's Front Range.

AURORA, CO, UNITED STATES, August 28, 2026 /EINPresswire.com/ -- [Equipment Maintenance Technicians](#) Marks 23 Years of Service in Aurora, Colorado

AURORA, Colo. — AUGUST 2026 — Equipment Maintenance Technicians , a heavy equipment and fleet repair provider based in Aurora, Colorado, is marking its 23rd year in business. Founded in 2003, the company has spent more than two decades helping contractors, fleet managers, and farmers across the Denver metro area maintain reliable machinery. This support helps their operations stay productive and efficient. What began as a response to one persistent problem: costly equipment downtime, has grown into a full-service maintenance and repair operation trusted throughout Colorado's Front Range.

“

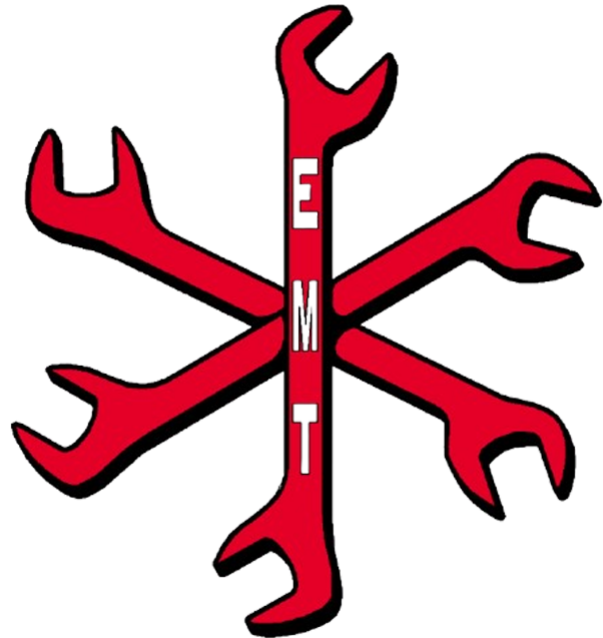

Reaching our 23rd year means the trust businesses across Colorado have placed in us since 2003. We're grateful, and we're just getting started.”

Zal Hyde, Owner

EMT works both in its Aurora facility and directly in the field, dispatching fully equipped mobile mechanics who reach customer sites within 90 minutes of a call. That combination of in-shop depth and on-site speed has become a defining feature of the company's first 23 years.

The company's catalog of [equipment maintenance and repair](#) spans diesel repair, mobile fleet and truck repair, material handling equipment, aerial lifts, and dirt movers. It also covers generators, light towers, compressors,

trailers, ground thaw units, planned maintenance programs, and emergency repair services.

EMT's factory-trained technicians bring more than 90 years of combined experience, and the company is fully insured with ongoing technician training. Its service reach extends beyond Aurora and Denver to communities including Commerce City, Littleton, Westminster, Arvada, Parker, Boulder, Longmont, Greeley, Loveland, Colorado Springs, and Fort Collins. Its team also supports the region's agricultural community with tractor and farm equipment repair.

A Message From the Owner

"Reaching our 23rd year means far more to us than a number on the calendar. It reflects the trust businesses across Colorado have placed in us since 2003, and the relationships we've built one repair at a time. We remain committed to keeping our clients' equipment running safely and efficiently, with as little interruption as possible, and after 23 years, we're just getting started," said Zal Hyde, owner of EMT.

About Equipment Maintenance Technicians

Equipment Maintenance Technicians (EMT) is a heavy equipment and fleet maintenance and repair company based in Aurora, Colorado, serving Denver and the surrounding Front Range since 2003. It provides mobile and in-shop repair, preventive maintenance, diagnostics, and emergency service for construction machinery, fleet vehicles, material handlers, aerial lifts, generators, and more. EMT is fully insured, employs factory-trained technicians, and services equipment both at its facility and in the field.

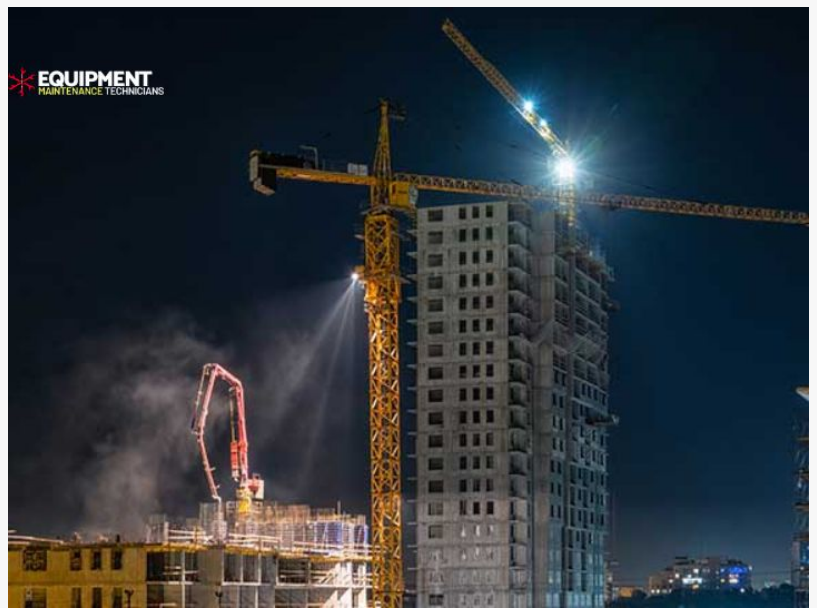

The company is located at [13780 E Smith Dr, Aurora, CO 80011, United States](https://www.google.com/maps/place/13780+E+Smith+Dr,+Aurora,+CO+80011/@39.725,104.815,15z) and can be reached at 720-949-2052. Business hours are Monday through Friday, 7 AM to 5 PM.
