Copper State Planning was founded on the premise that cookie-cutter estate plans, whether produced by software platforms or drafted without regard to a family's specific circumstances, frequently result in unintended consequences that cost families significantly more to resolve than a comprehensive plan would have cost to establish.

Families deserve estate plans built around their actual goals, not templates. A comprehensive plan accounts for assets, liabilities, business interests, and family dynamics, not just who gets what”

Leighton Tyau, Founder and Principal Attorney

The firm serves a diverse client base ranging from young couples establishing their first estate plans to business owners navigating succession planning and retirees managing long-term care considerations. Copper State Planning is a member of the National Academy of Elder Law Attorneys, the Arizona Fiduciaries Association, and the National Association of Estate Planners and Councils.

The firm's ALTCS practice addresses one of Arizona's most complex planning areas, helping families qualify for Arizona Long-Term Care System benefits while preserving assets through properly structured Medicaid trusts and crisis planning strategies.

Copper State Planning operates by appointment at two Phoenix locations: 2999 N 44th St, Suite 450, Phoenix, AZ 85018, and 4435 E Chandler Blvd, Suite 200, Phoenix, AZ 85048. Arizona families seeking an estate planning consultation may contact the firm at (602) 562-6647.
