

Free Access to Grant Opportunities for Local Businesses & Entrepreneurs: The People's Chamber Launches New Grant Center

Free online Grant Center helps businesses, nonprofits and entrepreneurs find funding opportunities, personalized matches and Grant Writers.

INGLEWOOD, CA, UNITED STATES, August 30, 2026 /EINPresswire.com/ -- The People's [Chamber](#)

“

The People's Chamber of Commerce is committed to helping our members succeed. We're building the resources, relationships and opportunities to help them grow. Join us!”

Sharifah Hardie

[of Commerce](#) today announced the launch of its Grant Center, a new online resource designed to help businesses, entrepreneurs, nonprofits and organizations find grant opportunities that may fit their needs.

The idea behind the Grant Center is simple: there is money available, but finding the right opportunities can be time consuming and difficult. The People's Chamber built the Grant Center to make that process easier.

“There are thousands of funding opportunities out there, but most business owners don't have hours to spend searching multiple websites trying to determine which grants are legitimate and which ones they may actually qualify for,” said [Sharifah Hardie](#), Founder of The People's Chamber of Commerce. “We want to help people find the money.”

The People's Chamber Grant Center brings grant discovery and funding resources together in one location.

Features include:

- Personalized grant matching - The personalized matching feature is designed to help users narrow a large pool of opportunities into grants that may be more relevant to their business, organization and funding needs.
- Grant Readiness Scores - The Grant Readiness Score helps users understand how prepared they may be to pursue funding and identify areas that could strengthen their readiness before

applying.

- Opportunities from multiple trusted funding sources - Users can also access official funding source links to review eligibility requirements, deadlines and application information directly from the organization offering the opportunity.

- Access to Grant Writers - The Grant Center also creates an opportunity for Grant Writers to list their services and connect with businesses and organizations seeking professional assistance with grant applications.

"Finding a grant is only the beginning," Hardie said. "People also need to understand whether they qualify, what they need to apply and where to get help. Our goal is to continue building the Grant Center into a resource that supports more of that process."

FREE ACCESS IS PART OF THE MISSION

The People's Chamber has made free access a central part of its model.

The organization offers a free Chamber membership level, free business resources and free public access to search the Grant Center.

"We don't want cost to be the reason someone can't even look for an opportunity," Hardie said. "You shouldn't have to pay us just to find out that a grant exists."

The Grant Center is part of a broader expansion of resources being developed by The People's Chamber of Commerce as the organization approaches its first anniversary. Businesses, entrepreneurs, nonprofits and organizations can explore the Grant Center through The People's Chamber of Commerce website.

ABOUT THE PEOPLE'S CHAMBER OF COMMERCE

The People's Chamber of Commerce is an inclusive business organization created to connect entrepreneurs, business owners and organizations with resources, relationships and opportunities to help them grow.

THE PEOPLE'S CHAMBER OF COMMERCE
