

Ziperase Announces Partnership with TD SYNEX

Certified data erasure software joins TD SYNEX's vendor portfolio

AUSTIN, TX, UNITED STATES, August 31, 2026 /EINPresswire.com/ -- Ziperase today announced a new partnership with TD SYNEX, a leading global distributor and solutions aggregator for the IT ecosystem. The partnership gives TD SYNEX enterprise customers access to Ziperase's certified data erasure software, helping regulated enterprises produce defensible proof of data sanitization, per serial number, whenever an auditor asks.

"We built Ziperase to make audit-ready data erasure simple for enterprise IT teams, and TD SYNEX gives us a direct path to reach more of them," says Khalid Elibiary, President at Ziperase. "Sanitization evidence is the one control most compliance programs can't produce on demand. Working with TD SYNEX lets enterprise partners close that gap without adding complexity."

“

We built Ziperase to make audit-ready data erasure simple for enterprise IT teams, and TD SYNEX gives us a direct path to reach more of them."

Khalid Elibiary, President at Ziperase

Through this partnership, TD SYNEX enterprise customers can offer their customers certified erasure with evidence retrievable per serial number, whenever regulators or internal audit ask for it, without changing

how they process devices today.

"At TD SYNEX, we help our partners meet today's needs and prepare for what's next by bringing together specialized expertise and a unified digital platform experience," said Scott Young, SVP, Strategic Procurement at TD SYNEX "By adding Ziperase to our portfolio, we're expanding the opportunities available to our ecosystem so customers can increase efficiencies, differentiate in the market and drive future growth."

TD SYNnex partners can learn more about the partnership, including the [Ziperase Enterprise Connector](#) for ServiceNow, at ziperase.ill-il.com. To get a quote, contact the Ziperase team at tdsynnex@ziperase.com.

ABOUT ZIPERASE

Ziperase provides certified, automated data erasure software for enterprises and technology partners globally. Founded by industry veterans with more than 20 years of combined experience in data erasure and enterprise technology, the Ziperase team left yesterday's limited legacy systems behind to build something better.

The platform features API-first integration, intuitive, easy-to-use platform design, and centralized cloud reporting. Track erasures and device information with comprehensive asset management and detailed audit-ready reports. Ziperase is a ServiceNow Select Build Partner, and the Ziperase Enterprise Connector syncs certified erasure evidence directly into ServiceNow hardware asset records.

Ziperase supports compliance with major regulatory frameworks including GDPR, HIPAA, PCI DSS, FERPA, GLBA, and SOX. The platform is compliant with technical standards IEEE 2883:2022 and NIST SP 800-88 R2, and holds ADISA Product Assurance and Common Criteria EAL2 certifications recognized by 30+ countries.
